

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Gregory & Lynda Kolb
DOCKET NO.: 22-22593.001-R-1
PARCEL NO.: 05-20-409-016-0000

The parties of record before the Property Tax Appeal Board are Gregory & Lynda Kolb, the appellants, by attorney Brian S. Maher, of Weis, DuBrock, Doody & Maher in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$51,425
IMPR.: \$135,161
TOTAL: \$186,586

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 5,481 square feet of living area. The dwelling is approximately 92 years old. Features include a full basement, central air conditioning, one fireplace, and a 3-car garage. The property has an 18,700 square foot site and is located in Winnetka, New Trier Township, Cook County. The subject is classified as a class 2-09 property under the Cook County Real Property Assessment Classification Ordinance.

The appellants contend assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellants submitted information on four equity comparables located within the subject's assessment neighborhood code. The comparables are improved with class 2-09 dwellings of masonry or stucco exterior construction ranging in size from 5,186 to 5,482 square feet of living area. The dwellings range in age from 82 to 104 years

old. Each comparable has a full or partial basement, from one to three fireplaces, and from a 1-car to a 2.5-car garage. Two comparables each have central air conditioning. The comparables have improvement assessments ranging from \$129,446 to \$132,356 or from \$23.61 to \$25.52 per square foot of living area. Based on this evidence, the appellants requested that the improvement assessment be reduced to \$135,161 or from \$24.66 per square foot of living area.

The appellants' submission included a copy of the "Cook County Board of Review" final decision for the 2022 tax year disclosing the subject has a total assessment of \$195,685. The subject has an improvement assessment of \$144,260 or \$26.32 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on three equity comparables located within the subject's assessment neighborhood code. The comparables are improved with 2-story, class 2-09 dwellings of masonry exterior construction ranging in size from 5,086 to 5,471 square feet of living area. The dwellings are either 10 or 19 years old. The comparables each have a full basement, central air conditioning, three fireplaces, and a 3-car garage. The comparables have improvement assessments ranging from \$205,575 to \$245,575 or from \$40.25 to \$44.89 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The appellants contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellants met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted six suggested equity comparables for the Board's consideration. The Board gives less weight to the board of review comparables which are substantially newer homes than the subject.

The Board finds the best evidence of assessment equity to be the appellants' comparables which are overall more similar to the subject in class, age, and dwelling size with varying degrees of similarity in other features. These comparables have improvement assessments ranging from \$129,446 to \$132,356 or from \$23.61 to \$25.52 per square foot of living area. The subject's improvement assessment of \$144,260 or \$26.32 per square foot of living area falls above the range established by the best comparables in this record and appears to be excessive. After considering the necessary adjustments to the best comparables for differences from the subject, the Board finds the appellants demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment, commensurate with the appellant's request, is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
