

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Xiaojun Wang
DOCKET NO.: 22-22836.001-R-1
PARCEL NO.: 05-32-311-001-0000

The parties of record before the Property Tax Appeal Board are Xiaojun Wang, the appellant; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$14,735
IMPR.: \$43,520
TOTAL: \$58,255

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 66-year-old, two-story dwelling of frame and masonry construction with 2,176 square feet of living area. Features of the home include a partial basement, central air conditioning, and a 2.5-car garage. The property has an 8,420 square foot site and is located in New Trier Township, Cook County. The subject is classified as a class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on three suggested equity comparables. Those comparables are single-family residential dwellings that range: in age from 64 to 67-years-old; in size from 2,100 to 2,237 square feet of living area; and in improvement assessment from \$15.61 to \$20.56 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$66,000. The subject property has an improvement assessment of \$51,265 or \$23.56 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four suggested equity comparables. Those properties can be described as two-story, single-family dwellings of frame and masonry construction that range: in age from 63 to 76-years-old; in size from 1,616 to 2,098 square feet of living area; and in improvement assessment from \$23.12 to \$23.91 per square foot of living area.

In written rebuttal, the appellant distinguished the board of review's comparables from the subject and argued the county's evidence contained inaccurate information regarding the subject's improvement assessment and the county used assessment information pre-board of review action. In particular, the appellant argued that the subject's total assessment is \$63,238 with an improvement assessment of \$48,503 or \$22.29 per square foot of living area.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds that the subject has an improvement assessment of \$48,503. The Board finds the best evidence of assessment equity to be appellant's comparables #1, #2, and #3. These comparables had improvement assessments that ranged from \$15.61 to \$20.56 per square foot of living area. The subject's improvement assessment of \$22.29 per square foot of living area falls above the range established by the best comparables in this record. Based on this record the Board finds the appellant did demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
