

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Hector and Martha Rodriguez
DOCKET NO.: 22-22891.001-R-1
PARCEL NO.: 06-22-416-019-0000

The parties of record before the Property Tax Appeal Board are Hector and Martha Rodriguez, the appellants, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,639
IMPR.: \$22,360
TOTAL: \$28,999

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction with 1,894 square feet of living area. The dwelling is approximately 33 years old. Features of the home include a concrete slab foundation, central air conditioning, 2½ bathrooms, a fireplace, and a two-car garage. The property has an 8,853 square foot site and is located in Streamwood, Hanover Township, Cook County. The subject is classified as a class 2-07 property under the Cook County Real Property Assessment Classification Ordinance.

The appellants contend overvaluation as the basis of the appeal. In support of this argument, the appellants submitted information on four comparable sales located in the same neighborhood code as the subject and from .7 of a mile to 2.1-miles from the subject. The parcels range in size from 7,182 to 7,471 square feet of land area which have been improved with class 2-07 two-story dwellings of frame exterior construction. The homes are 32 or 33 years old and contain either

1,898 or 1,899 square feet of living area. Three comparables have partial basements, one of which is finished, and one comparable has a crawl-space foundation. Features include central air conditioning, 2½ bathrooms, and a two-car garage. Three comparables each have a fireplace. The comparables sold from March 2019 to August 2020 for prices ranging from \$245,000 to \$290,000 or from \$129.02 to \$152.71 per square foot of living area, including land.

Based on this evidence, the appellants requested a reduced total assessment of \$26,234.

The board of review submitted its "Board of Review Notes on Appeal." The appellant supplied a copy of the final decision disclosing the total assessment for the subject of \$28,999. The subject's assessment reflects a market value of \$289,990 or \$153.11 per square foot of living area, including land, when applying the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%.

In support of its contention of the correct assessment, the board of review submitted information on four properties located in the subject's neighborhood code and ¼ of a mile from the subject. The comparables have sites ranging in size from 5,640 to 10,740 square feet of land area which are improved with class 2-07 two-story dwellings of frame exterior construction. The homes are 33 or 38 years old and range in size from 1,794 to 1,934 square feet of living area. Two homes have full or partial unfinished basements, and two homes have concrete slab foundations. Features of the homes include central air conditioning, 1½ to 2½ bathrooms, a fireplace, and a two-car garage. The comparables sold from October 2021 to October 2022 for prices ranging from \$323,000 to \$335,000 or from \$168.04 to \$180.05 per square foot of living area, including land.

Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellants contend the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight comparable sales to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to the appellants' comparables #2, #3 and #4 as well as board of review comparables #2 and #3, each of which have full or partial basements, differing foundation types from the subject's concrete slab foundation.

The Board finds the best evidence of market value to be appellants' comparable #1 along with board of review comparable sales #1 and #4, which are each similar to the subject in location, classification, design, age, dwelling size, bathroom count, foundation type, fireplace and garage amenities. The comparables necessitate adjustments to the site sizes which are each smaller than the subject's lot size and for dwelling size differences when compared to the subject. These

comparables sold from August 2020 to March 2022 for prices ranging from \$290,000 to \$334,900 or from \$152.71 to \$180.05 per square foot of living area, including land. The subject's assessment reflects a market value of \$289,990 or \$153.11 per square foot of living area, including land, which is slightly below the range established by the best comparable sales in this record in terms of overall value and at the low-end of the range on a per square foot basis.

Based on this evidence and after considering appropriate adjustments to the best comparables for differences in lot size and dwelling size when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
