

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Tom Lanett
DOCKET NO.: 22-23042.001-R-1
PARCEL NO.: 06-26-103-018-0000

The parties of record before the Property Tax Appeal Board are Tom Lanett, the appellant(s), by attorney Stephanie Park, of Park & Longstreet, P.C. in Inverness; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,225
IMPR.: \$10,275
TOTAL: \$15,500

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of an approximately 64-year-old one-story dwelling of frame construction with 10,450 square feet of living area. Features of the home include a slab foundation and a one-car garage. The property has a 10,450 square foot site and is located in Streamwood, Hanover Township, Cook County. The property is a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted an appraisal estimating the subject property had a market value of \$155,000 as of January 1, 2022. The appraiser relied on a sales comparison approach and identified three comparable properties. These properties are located 0.78 miles to 1.32 miles away from the subject property. The properties sold between May 2021 and August 2022 for sale prices between \$161,500 and \$180,000. The properties have between 1,064 and 1,274 square feet of

living area and have unit sale prices per square foot between \$136.75 and \$167.76. In the appraisal, the appraiser adjusted sale prices based on factors such as financing concessions, age, room count, and gross living area.

The appellant also contends assessment inequity as the basis of the appeal. The appellant also contended comparable sales as a basis for appeal and included sales information with these equity comparables. In support of this argument the appellant submitted information on eight equity comparables with sale information. The comparables are located within the same "subarea" as the subject property. The comparables are 51- to 64-year-old one-story class 2-03 residences with frame construction. The comparables have between 1,060 and 1,126 square feet of living area. The appellant stated that the improvement assessment per square foot for comparables #1 to #4 are \$10.28 to \$10.93 per square foot. For comparables #5 through #8 the appellant stated these comparables sold between August 2020 and September 2020 and have sale prices per square foot between \$127.26 and \$138.63. The appellant is requesting a total assessment of \$13,490. The appellant is requesting a total assessment of \$13,490.

The county board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$20,000. The subject property has an improvement assessment of \$14,775 or \$13.94 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables with sale information on those comparables. These comparables are located 0.25 miles away from or on the same block as the subject property. The comparables are 64-year-old one-story residences with frame construction. The comparables have 1,060 square feet of living area and have improvement assessments between \$12.36 and \$16.69 per square foot. The comparables sold between September 2020 and February 2022 and have sale prices per square foot between \$200.00 and \$242.45 per square foot. The board of review is requesting that the current assessment be confirmed.

Conclusion of Law

The appellant contends that the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal, the value of the property must be proved by a preponderance of the evidence. 86 Ill. Admin. Code §1910.63(e); Winnebago County Bd. of Review v. Property Tax Appeal Bd., 313 Ill. App. 3d 1038, 1043 (2d Dist. 2000). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill. Admin. Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds that the best evidence of the subject's market value is the appraisal submitted by the appellant. That appraisal employed the sales comparison approach, relying upon sales of five suggested comparable properties in Streamwood described above. The appraiser adjusted these sales prices to account for differences between the subject and the comparables. In contrast, the board of review's evidence and the appellant's other evidence consists of unadjusted data from several sales and unadjusted equity comparable data.

Accordingly, the Board finds the subject property had a fair market value of \$155,000 as of the assessment date at issue. Because the assessment reflects a greater fair market value, the Board

finds a reduction in the subject's assessment is justified. Since market value has been determined, the Board finds that the subject is now fairly and equitably assessed. See Central Nursing Realty, LLC v. Illinois Property Tax Appeal Board, 2020 IL App (1st) 180994, ¶¶ 34-36.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
