

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Paul Harper
DOCKET NO.: 22-23045.001-R-1
PARCEL NO.: 05-34-400-020-0000

The parties of record before the Property Tax Appeal Board are Paul Harper, the appellant, by attorney Brian S. Maher, of Weis, DuBrock, Doody & Maher in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$23,375
IMPR.: \$100,869
TOTAL: \$124,244

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of stucco exterior construction with 3,680 square feet of living area. The dwelling is approximately 106 years old. Features of the home include a full basement with finished area,¹ central air conditioning, a fireplace, and a 2-car garage. The property has an 8,500 square foot site and is located in Wilmette, New Trier Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four comparables located within the same assessment neighborhood as the subject. The comparables consist of

class 2-06, 2-story dwellings of frame or stucco exterior construction ranging in size from 3,092 to 3,755 square feet of living area. The dwellings are 109 to 118 years old. The comparables each have a full basement with "N/A" reported for the finished basement area. One comparable has central air conditioning, and each comparable has 1 or 2 fireplaces and a 2-car garage. The comparables have improvement assessments ranging from \$76,500 to \$91,506 or from \$21.05 to \$24.74 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$86,958.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject property of \$124,244. The subject property has an improvement assessment of \$100,869 or \$27.41 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four comparables that are located within the same assessment neighborhood as the subject and within the subject's same block or approximately $\frac{1}{4}$ of a mile from the subject property. The comparables consist of class 2-06, 2-story dwellings of stucco exterior construction ranging in size from 3,294 to 3,458 square feet of living area. The comparables are 101 to 114 years old. The comparables have partial or full basements with three having finished area. Each comparable has central air conditioning and a 1.5-car or a 2-car garage. Three comparables each have 1 or 3 fireplaces. The comparables have improvement assessments ranging from \$85,359 to \$100,247 or from \$25.33 to \$29.86 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #3 and #4 due to the dwellings' considerably smaller sizes and/or lack of central air conditioning when compared to the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparable #2 and the board of review's comparables. These comparables are relatively similar to the subject in location, design, dwelling size, age, and most features. These five comparables have improvement assessments ranging from \$85,359 to \$100,247 or from \$24.37 to \$29.86 per square foot of living area. The subject's improvement assessment of \$100,869 or \$27.41 per square foot of living area falls slightly above the range established by best comparables in the record on an overall basis and within the range on a per-square-foot basis, which is logical given the subject's larger dwelling size. Based on this record, the Board finds the appellant did not

demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that the properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity, which appears to exist on the basis of the evidence.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
