

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michael Gingue
DOCKET NO.: 22-23312.001-R-1
PARCEL NO.: 05-08-313-009-0000

The parties of record before the Property Tax Appeal Board are Michael Gingue, the appellant, by attorney Abby L. Strauss, of Schiller Law P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$34,408
IMPR.: \$85,592
TOTAL: \$120,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame and masonry exterior construction with 3,932 square feet of living area. The dwelling is approximately 86 years old. Features include a partial basement, central air conditioning, three fireplaces, and a 2-car garage. The property has a 15,640 square foot site and is located in Glencoe, New Trier Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the subject's improvement as the basis of the appeal. In support of this argument, the appellant submitted information on eight comparable properties that are located within the same neighborhood code as the subject. The comparables are improved with class 2-06 dwellings of frame and masonry exterior construction ranging in size from 3,617 to 4,079 square feet of living area. The dwellings range in age from 64 to 121 years old. Each comparable has a full or partial basement, one or two fireplaces, and a

2-car or a 2.5-car garage. Six comparables each have central air conditioning. The comparables have improvement assessments ranging from \$71,043 to \$91,594 or from \$19.64 to \$22.85 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$134,517. The subject property has an improvement assessment of \$100,109 or \$25.46 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four comparable properties located within the same neighborhood code as the subject. The comparables are improved with 2-story dwellings of masonry, stucco, or frame and masonry exterior construction ranging in size from 4,304 to 4,542 square feet of living area. The dwellings range in age from 72 to 105 years old. The comparables each have a full or partial basement, three of which have finished area. Three comparables each have central air conditioning. Each comparable has one or two fireplaces and a 2-car or a 4-car garage. The comparables have improvement assessments ranging from \$114,686 to \$122,634 or from \$26.31 to \$27.00 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

In written rebuttal, the appellant pointed out differences in age, living area, and construction between the subject property and the board of review comparables.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted twelve suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #3, #4, #6, #7, and #8 as well as the board of review comparables which are less similar to the subject in age and/or dwelling size than other comparables in this record.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1, #2, and #5 which are more similar to the subject in location, class, age, dwelling size, and most features. These comparables have improvement assessments ranging from \$71,043 to \$85,259 or from \$19.64 to \$21.72 per square foot of living area. The subject's improvement assessment of \$100,109 or \$25.46 per square foot of living area falls above the range established by the best comparables in this record and is excessive. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
