

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Tor Solberg
DOCKET NO.: 22-23335.001-R-1
PARCEL NO.: 05-16-103-007-0000

The parties of record before the Property Tax Appeal Board are Tor Solberg, the appellant, by attorney Hannah Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$100,108
IMPR.: \$111,891
TOTAL: \$211,999

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 4,413 square feet of living area. The dwelling is approximately 133 years old. Features of the home include a basement, central air conditioning, six fireplaces and a 1.5-car garage. The property has an approximately 30,336 square foot site and is located in Winnetka, New Trier Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with 2-story class 2-06 dwellings of frame or frame and masonry exterior construction ranging in size from 4,076 to 4,202 square feet of living area. The homes

range from 63 to 159 years old. Each comparable has a basement, central air conditioning, one to five fireplaces and a 2-car garage. The comparables have improvement assessments ranging from \$90,171 to \$101,000 or from \$21.46 to \$24.26 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$102,337 or \$23.19 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$211,999. The subject property has an improvement assessment of \$111,891 or \$25.35 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on two equity comparables located in the same assessment neighborhood code as the subject property. Board of review comparable #3 is the same property as the subject and shall not be analyzed or discussed further. Comparables #1 and #2 are improved with 2-story class 2-06 or class 2-78 dwellings of frame or masonry exterior construction with 3,594 or 4,826 square feet of living area that are 62 or 109 years old. Each comparable has a basement, central air conditioning, one or four fireplaces and a 2-car garage. The comparables have improvement assessments of \$107,237 and \$123,568 or \$25.60 and \$29.84 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted six equity comparables for the Board's consideration. The Board gives reduced weight to appellant comparables #1 and #3 along with board of review comparable #2 which are from 49 to 71 years newer in age when compared to the subject.

The Board finds the best evidence of assessment equity to be appellant comparables #2 and #4 as well as board of review comparable #1 which are more similar to the subject in location, age, design, classification, dwelling size and features. These comparables have improvement assessments ranging from \$90,171 to \$123,568 or from \$21.46 to \$25.60 per square foot of living area. The subject's improvement assessment of \$111,891 or \$25.35 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
