

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Larry Gerber
DOCKET NO.: 22-23404.001-R-1
PARCEL NO.: 05-29-314-001-0000

The parties of record before the Property Tax Appeal Board are Larry Gerber, the appellant, by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$45,752
IMPR.: \$80,248
TOTAL: \$126,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame and masonry exterior construction with 3,535 square feet of living area.¹ The home is approximately 87 years old. Features include a full basement, central air conditioning, two fireplaces, and a 2-car garage. The property has a 22,876 square foot site and is located in Wilmette, New Trier Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity

¹ The parties disagree on several property characteristics of the subject. The appellant reports the subject to be 87 years old with a full basement finished with a recreation room, while the board of review reports that the subject was built in 1930 with an age of 92 and has a full unfinished basement.

comparables that are located within the subject's assessment neighborhood code. The comparables are improved with class 2-06 dwellings of frame and masonry exterior construction ranging in size from 3,192 to 3,646 square feet of living area. The homes range in age from 71 to 94 years old. The comparables each have a full basement, four of which have finished area. Four comparables each have central air conditioning. Each comparable has one or two fireplaces and a 2-car garage. The comparables have improvement assessments ranging from \$62,690 to \$69,588 or from \$18.69 to \$20.64 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$126,000. The subject property has an improvement assessment of \$80,248 or \$22.70 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the subject's assessment neighborhood code. The comparables are improved with 2-story, class 2-06 dwellings of frame or masonry exterior construction ranging in size from 3,452 to 3,604 square feet of living area. The homes range in age from 82 to 88 years old. The comparables each have a full or partial basement, two of which have finished area. Each comparable has central air conditioning, two or three fireplaces, and a 2-car garage. The comparables have improvement assessments ranging from \$87,500 to \$101,280 or from \$24.28 to \$29.34 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration with the same neighborhood code, design, and classification as the subject. The Board finds these comparables to be relatively similar to the in age, dwelling size, and many features. These comparables have improvement assessments ranging from \$62,690 to \$101,280 or from \$18.69 to \$29.34 per square foot of living area. The subject's improvement assessment of \$80,248 or \$22.70 per square foot of living area falls within the range established by the comparables in this record. Based on this record and after considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
