

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Peter King
DOCKET NO.: 22-23443.001-R-1
PARCEL NO.: 05-21-300-060-0000

The parties of record before the Property Tax Appeal Board are Peter King, the appellant, by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$27,555
IMPR.: \$89,445
TOTAL: \$117,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of frame and masonry exterior construction with 3,120 square feet of living area. The home is approximately 43 years old. Features include a basement, central air conditioning, one fireplace, and a 2-car garage. The property has a 10,020 square foot site and is located in Winnetka, New Trier Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information, including property characteristics printouts, on five equity comparables, four of which are located within the subject's assessment neighborhood code. The comparables are improved with 1-story or 1.5-story, class 2-04 dwellings of frame, masonry, or frame and masonry exterior construction ranging in size from 1,956 to 4,121 square feet of living area. The homes range from 32 to 96

years old. The comparables each have a full basement, four of which have finished area. Three comparables each have central air conditioning. Each comparable has one or two fireplaces. Four comparables each have a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$50,325 to \$103,602 or from \$20.89 to \$26.78 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$117,000. The subject property has an improvement assessment of \$89,445 or \$28.67 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables, three of which are located within the subject's assessment neighborhood code. The comparables are improved with 1-story or 1.5-story, class 2-04 dwellings of frame or masonry exterior construction ranging in size from 1,812 to 2,827 square feet of living area. The homes range in age from 16 to 136 years old. The comparables each have a full or partial basement, two of which have finished area. Three comparables each have central air conditioning. Each comparable has one or two fireplaces and from a 1-car to a 2-car garage. The comparables have improvement assessments ranging from \$64,576 to \$87,590 or from \$30.98 to \$36.15 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested equity comparables for the Board's consideration with varying degrees of similarity to the subject. Nevertheless, the Board gives less weight to the appellant's comparables #2 through #5 as well as board of review comparables #1 and #2 due to substantial differences from the subject in dwelling size, age, location, and/or garage amenity. The three remaining comparables are overall more similar to the subject in overall property characteristics but would still require appropriate adjustments for various differences from the subject to make them more comparable to the subject. These three comparables have improvement assessments ranging from \$51,225 to \$87,590 or from \$20.89 to \$31.73 per square foot of living area. The subject's improvement assessment of \$89,445 or \$28.67 per square foot of living area falls above the range established by the comparables in this record on an overall improvement assessment basis but within the range on a per square foot basis. The subject's higher overall improvement assessment is justified based on its larger dwelling size and/or age when compared to the best comparables. Based on this record, the Board finds the evidence in this record does not support a reduction in the subject's assessment.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
