

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Gloria A. Perlitz Trust
DOCKET NO.: 22-23452.001-R-1
PARCEL NO.: 05-20-227-005-0000

The parties of record before the Property Tax Appeal Board are Gloria A. Perlitz Trust, the appellant, by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$25,712
IMPR.: \$77,422
TOTAL: \$103,134

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame and masonry exterior construction with 2,708 square feet of living area. The home is approximately 64 years old. Features include a basement, central air conditioning, one fireplace, and a 2-car garage. The property has a 9,350 square foot site and is located in Winnetka, New Trier Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information, including property characteristics printouts, on five equity comparables located within the subject's assessment neighborhood code. The comparables are improved with class 2-06 dwellings of frame, stucco, or frame and masonry exterior construction ranging in size from 2,494 to 2,944 square feet of

living area. The homes range in age from 82 to 144 years old. Each comparable is reported to have a full basement and from a 1.5-car to a 3-car garage. Two comparables each have central air conditioning. Four comparables each have one fireplace. The comparables have improvement assessments ranging from \$65,778 to \$74,948 or from \$25.16 to \$26.46 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$103,134. The subject property has an improvement assessment of \$77,422 or \$28.59 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the subject's assessment neighborhood code. The comparables are improved with 2-story, class 2-06 dwellings of frame or frame and masonry exterior construction ranging in size from 2,560 to 3,032 square feet of living area. The homes range in age from 72 to 94 years old. Each comparable is reported to have a full or partial basement, central air conditioning, one fireplace, and a 2-car garage. The comparables have improvement assessments ranging from \$85,962 to \$97,503 or from \$30.01 to \$33.68 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested equity comparables for the Board's consideration with the same neighborhood code, design, and classification as the subject. The Board gives less weight to the appellant's comparables and board of review comparable #2 which differ substantially from the subject in age, being 30 years or more older in age than the subject, and/or lack central air conditioning, which is a feature of the subject.

The Board finds the best evidence of assessment equity to be board of review comparables #1, #3, and #4 which are more similar to the subject age, dwelling size, and many features. These comparables have improvement assessments ranging from \$85,962 to \$97,503 or from \$30.01 to \$32.16 per square foot of living area. The subject's improvement assessment of \$77,422 or \$28.59 per square foot of living area falls below the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
