

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Denise Sexton
DOCKET NO.: 22-23698.001-R-1
PARCEL NO.: 05-21-300-057-0000

The parties of record before the Property Tax Appeal Board are Denise Sexton, the appellant, by attorney Abby L. Strauss, of Schiller Law P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$21,780
IMPR.: \$52,500
TOTAL: \$74,280

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 2,625 square feet of living area. The home is approximately 53 years old. Features include a full basement, central air conditioning, one fireplace, and a 1-car garage. The property has a 7,920 square foot site and is located in Winnetka, New Trier Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on nine equity comparables with each having a different assessment neighborhood code than the subject. The comparables are improved with class 2-78 dwellings of frame exterior construction ranging in size from 2,596 to 2,796 square feet of living area. The comparables range in age from 12 to 61 years old. Each comparable has a full or partial basement and a 1-car or 2-car garage. Eight

comparables each have central air conditioning. Seven comparables each have one or two fireplaces. The comparables have improvement assessments ranging from \$43,890 to \$58,125 or from \$16.91 to \$22.03 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$50,610 or \$19.28 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$93,681. The subject property has an improvement assessment of \$71,901 or \$27.39 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on three equity comparables within the same assessment neighborhood code as the subject. The comparables are improved with 2-story, class 2-78 dwellings of frame exterior construction ranging in size from 2,959 to 3,140 square feet of living area. The comparables range in age from 22 to 33 years old. Each comparable has a full basement, central air conditioning, one or two fireplaces, and a 1.5-car or a 2-car garage. The comparables have improvement assessments ranging from \$84,450 to \$125,474 or from \$28.54 to \$39.96 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

In written rebuttal, the appellant pointed out differences in age between the subject property and the board of review comparables.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted twelve suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #3, #4, #6, #7, and #8 as well as the board of review comparables which lack central air conditioning or differ substantially from the subject in age, and/or dwelling size.

The Board finds the best evidence of assessment equity to be the appellant's comparables #2, #5, and #9 which are similar to the subject in class, age, dwelling size, and other features. These comparables have improvement assessments ranging from \$49,096 to \$58,125 or from \$17.98 to \$22.03 per square foot of living area. The subject's improvement assessment of \$71,901 or \$27.39 per square foot of living area falls above the range established by the best comparables in this record and appears to be excessive. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
