

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Daniel Coha
DOCKET NO.: 22-23744.001-R-1
PARCEL NO.: 05-35-101-004-0000

The parties of record before the Property Tax Appeal Board are Daniel Coha, the appellant, by attorney Brian S. Maher, of Weis, DuBrock, Doody & Maher in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$21,628
IMPR.: \$63,371
TOTAL: \$84,999

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of stucco exterior construction with 2,160 square feet of living area. The dwelling is approximately 106 years old. Features of the home include a full unfinished basement, central air conditioning, a fireplace, and a 2-car garage. The property has a 7,865 square foot site and is located in Wilmette, New Trier Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four comparables located within the same assessment neighborhood code as the subject property. The comparables consist of class 2-05, 2-story dwellings of masonry, stucco or frame and masonry exterior construction ranging in size from 1,942 to 2,042 square feet of living area. The homes are 98 to

104 years old. Each comparable was reported to have a full or partial basement with “N/A” for the finished basement area. One comparable has central air conditioning, and each comparable has a fireplace and either a 1-car, a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$42,139 to \$50,550 or from \$20.64 to \$25.10 per square foot of living area. Based on this evidence, the appellant requested that the subject’s improvement assessment be reduced to \$46,008.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject property of \$84,999. The subject property has an improvement assessment of \$63,371 or \$29.34 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four comparables located within the same assessment neighborhood code as the subject. Two comparables are located with the subject’s same block or subarea, and two comparables are located within approximately ¼ of a mile from the subject property. The comparables consist of class 2-05, 2-story dwellings of frame, masonry or stucco exterior construction ranging in size from 2,020 to 2,188 square feet of living area. The homes are 94 to 109 years old. Each comparable has a full basement with one having finished area. One comparable has central air conditioning, three comparables each have a fireplace, and three comparable each have a 2-car garage. The comparables have improvement assessments ranging from \$69,079 to \$77,025 or from \$32.55 to \$35.20 per square foot of living area. Based on this evidence, the board of review requested that the subject’s assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight comparables for the Board’s consideration. The Board finds all the comparables have the same assessment neighborhood and classification codes as the subject and are also relatively similar to the subject in dwelling size and age. However, these comparables still require adjustments for differences in some features to the subject property, such as central air conditioning and/or garage amenity. Nevertheless, the eight comparables in the record have improvement assessments ranging from \$42,139 to \$77,025 or from \$20.64 to \$35.20 per square foot of living area. The subject’s improvement assessment of \$63,371 or \$29.34 per square foot of living area falls within the range established by all the comparables in this record. After considering adjustments to both parties’ comparables for differences in features from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that the properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity, which appears to exist on the basis of the evidence.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
