

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ashley Vender
DOCKET NO.: 22-23747.001-R-1
PARCEL NO.: 05-28-307-007-0000

The parties of record before the Property Tax Appeal Board are Ashley Vender, the appellant, by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$22,665
IMPR.: \$56,422
TOTAL: \$79,087

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 2,204 square feet of living area. The home is approximately 82 years old. Features include a basement with finished area, central air conditioning, two fireplaces, and a 2-car garage. The property has a 7,083 square foot site and is located in Wilmette, New Trier Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information, including property characteristics printouts, on five equity comparables located within the subject's assessment neighborhood code. The comparables are improved with 2-story, class 2-06 dwellings of frame, masonry, stucco, or frame and masonry exterior construction ranging in size from 2,288 to 2,398 square feet of living area. The homes range in age from 73 to 116 years old. The comparables

each have a full basement, four of which have finished area. Three comparables each have central air conditioning. Four comparables each have one fireplace. Each comparable has a 1.5-car or a 2-car garage. The comparables have improvement assessments ranging from \$47,259 to \$49,480 or from \$20.21 to \$20.76 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$79,087. The subject property has an improvement assessment of \$56,422 or \$25.60 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the subject's assessment neighborhood code. The comparables are improved with 2-story, class 2-06 dwellings of masonry or frame and masonry exterior construction ranging in size from 2,238 to 2,391 square feet of living area. The homes range in age from 84 to 92 years old. Each comparable has a full or partial basement with one of these having finished area, central air conditioning, one fireplace, and from a 1-car to a 2.5-car garage. The comparables have improvement assessments ranging from \$61,480 to \$73,480 or from \$26.86 to \$30.73 per square foot of living area.

The board of review noted that the 2022 sale of the subject appeared to be a non-arm's length sale due to a divorce proceeding and should not be considered in the PTAB appeal. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #4 and #5 which differ substantially from the subject in age.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1, #2, and #3 as well as the board of review comparables which are more similar to the subject design/class, age, dwelling size, and many features. These comparables have improvement assessments ranging from \$48,200 to \$73,480 or from \$20.21 to \$30.73 per square foot of living area. The subject's improvement assessment of \$56,422 or \$25.60 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
