

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: William Meuer
DOCKET NO.: 22-23749.001-R-1
PARCEL NO.: 05-20-116-034-0000

The parties of record before the Property Tax Appeal Board are William Meuer, the appellant, by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$24,194
IMPR.: \$88,805
TOTAL: \$112,999

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame and masonry exterior construction with 3,611 square feet of living area. The home is approximately 82 years old. Features include a full basement with finished area, central air conditioning, one fireplace, and a 1-car garage. The property has a 10,753 square foot site and is located in Winnetka, New Trier Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information, including property characteristics printouts, on five equity comparables located within the subject's assessment neighborhood code. The comparables are improved with 2-story, class 2-06 dwellings of masonry or frame and masonry exterior construction ranging in size from 2,242 to 4,161 square

feet of living area. The homes range in age from 67 to 94 years old. Each comparable has a full basement with finished area, one or two fireplaces, and from a 1-car to a 2-car garage. Two comparables each have central air conditioning. The comparables have improvement assessments ranging from \$39,525 to \$74,638 or from \$13.84 to \$19.07 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$112,999. The subject property has an improvement assessment of \$88,805 or \$24.59 per square foot of building area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the subject's assessment neighborhood code. The comparables are improved with 2-story, class 2-06 dwellings of frame and masonry exterior construction ranging in size from 3,128 to 4,127 square feet of living area. The homes range in age from 72 to 105 years old. Each comparable has a full or partial basement with three having finished area, central air conditioning, two or three fireplaces, and from a 1-car to a 2-car garage. The comparables have improvement assessments ranging from \$90,962 to \$140,250 or from \$24.95 to \$43.80 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #3, and #5 due to substantial differences from the subject in age, dwelling size, and/or lack of central air conditioning, which is a feature of the subject. The Board gives less weight to board of review comparable #1 which differs substantially from the subject in age and lacks basement finish, which the subject features. The Board also gives less weight to board of review comparable #3 which has an improvement assessment that is substantially higher than the other comparables in this record, thus, making this comparable an outlier.

The Board finds the best evidence of assessment equity to be the appellant's comparables #2 and #4 as well as board of review comparables #2 and #4 which are similar to the subject in design/class, age, dwelling size, and other features. These comparables have improvement assessments ranging from \$50,234 to \$102,962 or from \$16.38 to \$27.12 per square foot of living area. The subject's improvement assessment of \$88,805 or \$24.59 per square foot of living area falls within the range established by the best comparables in this record. After

considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
