

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Daniel Waters  
DOCKET NO.: 22-23757.001-R-1  
PARCEL NO.: 05-21-132-010-0000

The parties of record before the Property Tax Appeal Board are Daniel Waters, the appellant, by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$39,639  
**IMPR.:** \$64,929  
**TOTAL:** \$104,568

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of masonry exterior construction with 2,702 square feet of living area. The dwelling is approximately 118 years old. Features of the home include a full basement, central air conditioning, two fireplaces, and a 2-car garage. The property has a 12,012 square foot site and is located in Winnetka, New Trier Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information, including property characteristic printouts, on five equity comparables located within the subject's assessment neighborhood code. The comparables are improved with 2-story dwellings of frame, stucco, or frame and masonry exterior construction ranging in size from 2,520 to 2,826 square feet of living

area. The homes range in age from 99 to 106 years old. Each comparable has a full basement, three of which have finished area, one fireplace, and from a 1-car to a 2.5-car garage. The comparables have improvement assessments ranging from \$31,500 to \$45,809 or from \$12.30 to \$16.80 per square foot of living area. Based on this evidence the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$104,568. The subject property has an improvement assessment of \$64,929 or \$24.03 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four comparable properties located within the same neighborhood code as the subject. The comparables are improved with 2-story, class 2-06 dwellings of stucco or masonry exterior construction ranging in size from 2,576 to 2,858 square feet of living area. The homes range in age from 85 to 124 years old. Each comparable has a full basement, one of which has finished area, from one to three fireplaces, and from a 2-car to a 3-car garage. Three comparables each have central air conditioning. The comparables have improvement assessments ranging from \$54,920 to \$84,383 or from \$21.32 to \$29.53 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine comparable properties for the Board's consideration. The Board gives less weight to the appellant's comparables and board of review comparable #2 which lack central air conditioning, which is a feature of the subject, and/or differ substantially from the subject in age.

The Board finds the best evidence of assessment equity to be board of review comparables #1, #3, and #4 which are more similar to the subject in location, design/class, age, and dwelling size with varying degrees of similarity in other features. The best comparables have improvement assessments ranging from \$54,920 to \$84,383 or from \$21.32 to \$29.53 per square foot of living area. The subject's improvement assessment of \$64,929 or \$24.03 per square foot of living area falls within the range established by the best comparables in the record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is supported and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
