

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Joseph Doucas
DOCKET NO.: 22-23830.001-R-1
PARCEL NO.: 05-07-408-014-0000

The parties of record before the Property Tax Appeal Board are Joseph Doucas, the appellant, by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$22,625
IMPR.: \$55,971
TOTAL: \$78,596

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame and masonry exterior construction with 2,775 square feet of living area. The home is approximately 163 years old. Features include a full basement, three full bathrooms, one half bathroom, central air conditioning, three fireplaces, and a 2½-car garage. The property has a 9,050 square foot site and is located in Glencoe, New Trier Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information, including property characteristics printouts, on five equity comparables located within the subject's assessment neighborhood code. The comparables are improved with 2-story, class 2-06 dwellings of frame, stucco, or frame and masonry exterior construction ranging in size from 2,570 to 3,027 square

feet of living area. The homes range in age from 90 to 107 years old. Each comparable has a full basement, two or three full bathrooms with four of these having an additional half bathroom, one or two fireplaces, and a 1½-car or a 2-car garage. One comparable has central air conditioning. The comparables have improvement assessments ranging from \$40,625 to \$62,263 or from \$15.81 to \$20.62 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$55,971 or \$20.17 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$96,695. The subject property has an improvement assessment of \$77,070 or \$27.77 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the subject's assessment neighborhood code. The comparables are improved with 2-story, class 2-06 dwellings of masonry exterior construction ranging in size from 2,216 to 3,862 square feet of living area. The homes range in age from 90 to 96 years old. Each comparable has a full basement, central air conditioning, from two to five full bathrooms with two of these having an additional half bathroom, and one fireplace. Three comparables each have a 2-car garage. The comparables have improvement assessments ranging from \$62,250 to \$142,400 or from \$27.97 to \$49.02 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted nine suggested equity comparables for the Board's consideration. The Board gives less weight to board of review comparables #1, #2, and #4 which differ substantially from the subject in dwelling size or lack a garage amenity, which the subject features. The Board also gives less weight to board of review comparable #3 which has a substantially higher improvement assessment than other comparables in this record, thus, making this comparable an outlier.

The Board finds the best evidence of assessment equity to be the appellant's comparables which are more similar to the subject in design/class and dwelling size with varying degrees of similarity in age and other features. Each of the best comparables is a substantially newer home than the subject, being approximately 56 to 73 years newer in age. Nevertheless, these comparables have improvement assessments ranging from \$40,625 to \$62,263 or from \$15.81 to \$20.62 per square foot of living area. The subject's improvement assessment of \$77,070 or \$27.77 per square foot of living area falls above the range established by the best comparables in

this record and is excessive. After considering adjustments to the best comparables for differences from the subject, including but not limited to their substantially newer ages, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment, commensurate with the appellant's request, is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
