

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Hameed Abdul
DOCKET NO.: 22-23835.001-R-1
PARCEL NO.: 07-24-203-009-0000

The parties of record before the Property Tax Appeal Board are Hameed Abdul, the appellant, by attorney Michael R. O'Malley, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$16,903
IMPR.: \$73,096
TOTAL: \$89,999

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 4,184 square feet of living area. The dwelling is approximately 22 years old. Features of the home include an unfinished basement, 5 full bathrooms, central air conditioning, a fireplace and a 3.5-car garage. The property has an 18,782 square foot site and is located in Schaumburg, Schaumburg Township, Cook County. The subject is classified as a class 2-08 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information, including property characteristic printouts, on five comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with 2-story, class 2-08 dwellings of masonry exterior construction that range in size from 3,830 to 4,827 square feet of living area.

The homes are from 18 to 49 years old. Each comparable has a basement with finished area, 2 or 3 full bathrooms, 1 half bathrooms, central air conditioning, a fireplace and either a 2-car, a 2.5 car or a 3-car garage. The comparables have improvement assessments ranging from \$38,736 to \$52,086 or from \$9.71 to \$10.39 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$45,145 or \$10.79 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$89,999. The subject property has an improvement assessment of \$73,096 or \$17.47 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on two comparables located within the subject's assessment neighborhood and within the subject's block or ¼ of a mile from the subject. The comparables are improved with 2-story, class 2-08 dwellings of masonry exterior construction containing 3,861 or 4,295 square feet of living area. The homes are 19 or 22 years old. Each comparable has an unfinished basement, 3 or 4 full bathrooms, 1 or 2 half bathrooms, 2 fireplaces, and a 3-car garage. The comparables have improvement assessments of \$68,726 and \$76,286 or \$17.76 and \$17.80 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables which are less similar to the subject in age, dwelling size and/or basement finish than the board of review's comparables.

The Board finds the best evidence of assessment equity to be the board of review's comparables which are overall most similar to the subject in location, design, age, dwelling size, and have an unfinished basement, like the subject. These two comparables have improvement assessments of \$68,726 and \$76,286 or \$17.76 and \$17.80 per square foot of living area. The subject's improvement assessment of \$73,096 or \$17.47 per square foot of living area falls is bracketed by the two best comparables in the record on an overall basis and falls below both of these comparables on a per square foot of living area basis. After considering adjustments to the two best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
