

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Luke Stinger
DOCKET NO.: 22-23900.001-R-1
PARCEL NO.: 05-17-103-009-0000

The parties of record before the Property Tax Appeal Board are Luke Stinger, the appellant, by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$19,190
IMPR.: \$77,809
TOTAL: \$96,999

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 2,637 square feet of living area. The home is approximately 97 years old. Features include an unfinished basement, central air conditioning, two fireplaces, and a 2-car garage. The property has an 8,723 square foot site and is located in Glencoe, New Trier Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information, including property characteristics printouts, on five equity comparables located within the subject's assessment neighborhood code. The comparables are improved with 2-story, class 2-06 dwellings of frame, masonry, stucco, or frame and masonry exterior construction ranging in size from 2,536 to 2,865

square feet of living area. The homes range in age from 81 to 144 years old. The comparables each have a full basement with finished area and a 1-car or a 2-car garage. Three comparables each have central air conditioning. Four comparables each have one or two fireplaces. The comparables have improvement assessments ranging from \$41,000 to \$59,578 or from \$16.17 to \$21.31 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$96,999. The subject property has an improvement assessment of \$77,809 or \$29.51 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on three equity comparables located within the subject's assessment neighborhood code. The comparables are improved with 2-story, class 2-06 dwellings of frame or masonry exterior construction ranging in size from 2,530 to 3,192 square feet of living area. The homes range in age from 83 to 154 years old. Each comparable has a full or partial basement with two having finished area and one or two fireplaces. Two comparables each have central air conditioning and a 2-car garage. The comparables have improvement assessments ranging from \$81,420 to \$94,505 and of either \$29.61 or \$32.45 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1 and #2 as well as the board of review comparables #2 and #3 which differ substantially from the subject in age, dwelling size, and/or lack of central air conditioning, which is a feature of the subject. Further, board of review comparable #3 lacks a garage amenity, which the subject features.

The Board finds the best evidence of assessment equity to be the appellant's comparables #3, #4, and #5 as well as the board of review comparable #1 which are more similar to the subject in design/class and dwelling size with varying degrees of similarity in age, basement finish, and other features. These comparables have improvement assessments ranging from \$56,453 to \$81,420 or from \$20.38 to \$29.61 per square foot of living area. The subject's improvement assessment of \$77,809 or \$29.51 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
