

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Lee Frank
DOCKET NO.: 22-23946.001-R-1
PARCEL NO.: 04-01-410-005-0000

The parties of record before the Property Tax Appeal Board are Lee Frank, the appellant, by Amy C. Floyd, attorney-at-law in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$32,760
IMPR.: \$65,240
TOTAL: \$98,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a 1.5-story dwelling of masonry exterior construction containing 2,720 square feet of living area. The dwelling is approximately 67 years old. Features of the property include a crawl space foundation, central air conditioning, one fireplace, 2½ bathrooms, and a 1.5-car garage. The property has a 18,200 square foot site located in Glencoe, New Trier Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables consisting of class 2-04 properties improved with one-story dwellings of frame or frame and masonry exterior construction that range in size from 2,474 to 2,799 square feet of living area and in age from 64 to 68 years old. Three comparables have partial basements and one comparable has a crawl space foundation. Three comparables have central air conditioning.

Each property has one fireplace and 2 or 2½ bathrooms. The appellant did not disclose whether the comparables have garages although copies of photographs of the comparables submitted by the appellant depict three as having attached or integral 2-car garages. The comparables have the same assessment neighborhood code as the subject property. Their improvement assessments range from \$25,513 to \$57,174 or from \$9.85 to \$20.97 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$47,274.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$98,000. The subject property has an improvement assessment of \$65,240 or \$23.99 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables composed of class 2-04 properties improved with one-story dwellings of masonry or frame and masonry exterior construction that range in size from 2,409 to 2,949 square feet of living area. The homes range in age from 53 to 67 years old. Three comparables have a partial basement with two having finished area and one comparable has a crawl space foundation. Each property has central air conditioning, 3 or 3½ bathrooms, and a 2-car garage. Three comparables have one fireplace. These properties have the same assessment neighborhood code as the subject property and are located ¼ of a mile from the subject. Their improvement assessments range from \$68,725 to \$89,833 or from \$26.90 to \$30.46 per square foot of living area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on eight comparables with the same classification code and neighborhood code as the subject property to support their respective positions. The Board gives less weight to appellant's comparables #1, #2 and #4 as well as board of review comparables #1, #2 and #4 as each property has a partial basement, unlike the subject's crawl space foundation. The Board finds the best evidence of assessment equity to be appellant's comparable #3 and board of review comparables #3 as each property has a crawl space foundation as well as other similar features as the subject property. These two comparables have improvement assessments of \$57,174 and \$68,725 or \$20.43 and \$26.90 per square foot of living area, respectively. The subject's improvement assessment of \$65,240 or \$23.99 per square foot of living area is bracketed by the two best comparables in this record demonstrating the subject is being equitably assessed. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
