

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: William Paradise
DOCKET NO.: 22-24000.001-R-1
PARCEL NO.: 05-20-112-022-0000

The parties of record before the Property Tax Appeal Board are William Paradise, the appellant, by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$21,037
IMPR.: \$36,834
TOTAL: \$57,871

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 2,025 square feet of living area. The home is approximately 97 years old. Features include a full basement with finished area, central air conditioning, one fireplace, and a 2-car garage. The property has a 9,350 square foot site and is located in Winnetka, New Trier Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information, including property characteristic printouts, on five equity comparables located within the subject's assessment neighborhood code. The comparables are improved with 2-story, class 2-05 dwellings of frame, masonry, stucco, or frame and masonry exterior construction ranging in size from 1,892 to 2,182 square feet of living area and ranging in age from 73 to 95 years old. The comparables each

have a full basement, three of which have finished area. Each comparable has one fireplace. Four comparables each have a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$32,855 to \$40,755 or from \$15.34 to \$18.68 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$69,090. The subject property has an improvement assessment of \$48,053 or \$23.73 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in different assessment neighborhood codes than the subject. The comparables are improved with 2-story, class 2-05 dwellings of frame, masonry, or frame and masonry exterior construction ranging in size from 1,823 to 2,140 square feet of living area and ranging in age from 69 to 107 years old. The comparables each have a full or partial basement, two of which have finished area. Three comparables each have central air conditioning. Each comparable has one or two fireplaces and from a 1-car to a 4-car garage. The comparables have improvement assessments ranging from \$53,781 to \$64,799 or from \$28.41 to \$33.34 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted nine suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1 and #4 due to substantial differences from the subject in age. The Board gives less weight to the appellant's comparable #3 which lacks basement finish and a garage amenity, both features of the subject. The Board also gives less weight to the board of review comparables which are located in different neighborhood codes than the subject and/or differ substantially from the subject in age.

The Board finds the best evidence of assessment equity to be the appellant's comparables #2 and #5 which are overall more similar to the subject in design/class, age, and dwelling size with varying degrees of similarity in other features. The two best comparables have improvement assessments of \$34,858 and \$40,755 or \$16.55 and \$18.68 per square foot of living area, respectively. The subject's improvement assessment of \$48,053 or \$23.73 per square foot of living area exceeds the two best comparables in this record and is excessive. After considering the necessary adjustments to the two best comparables for differences from the subject, the Board finds the appellant demonstrated that the subject's improvement was inequitably assessed and a reduction in the subject's assessment, commensurate with the appellant's request, is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
