

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michael Jamieson  
DOCKET NO.: 22-24058.001-R-1  
PARCEL NO.: 05-27-302-015-0000

The parties of record before the Property Tax Appeal Board are Michael Jamieson, the appellant, by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$48,400  
**IMPR.:** \$110,730  
**TOTAL:** \$159,130

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of stucco exterior construction with 3,813 square feet of living area. The home is approximately 109 years old. Features include a full basement with finished area, central air conditioning, one fireplace, and a 3-car garage. The property has a 17,600 square foot site and is located in Wilmette, New Trier Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables located within the subject's assessment neighborhood code. The comparables are improved with 2-story, class 2-06 dwellings of frame, stucco, or frame and masonry exterior construction ranging in size from 3,601 to 3,900 square feet of living area. The homes range in

age from 111 to 129 years old. The comparables each have a full basement, four of which have finished area. Three comparables each have central air conditioning. Each comparable has one or two fireplaces and a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$84,090 to \$95,027 or from \$22.83 to \$25.48 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal." The appellant's submission included a copy of the "Cook County Board of Review" final decision for the 2022 tax year disclosing the subject has a total assessment of \$159,130. The subject has an improvement assessment of \$110,730 or \$29.04 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the subject's assessment neighborhood code. The comparables are improved with 2-story, class 2-06 dwellings of masonry or stucco exterior construction ranging in size from 3,134 to 4,481 square feet of living area. The homes range in age from 96 to 120 years old. The comparables each have a full basement, with three having finished area. Three comparables each have central air conditioning. Three comparables each have one or two fireplaces. Each comparable has a 2-car or a 3-car garage. The comparables have improvement assessments ranging from \$139,800 to \$267,600 or from \$37.14 to \$59.72 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested equity comparables for the Board's consideration with the same neighborhood code, design, and classification as the subject. The Board gives less weight to the appellant's comparables #1 and #3 as well as the board of review comparables #2 and #3 which lack central air conditioning, which the subject features, and/or differ substantially from the subject in dwelling size. The Board also gives less weight to board of review comparable #1 which has an improvement assessment that is substantially higher than the subject and other comparables in this record, thus, making this comparable an outlier.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1, #4, and #5 as well as board of review comparable #4 which are overall more similar to the subject in age, dwelling size, and other features. The best comparables have improvement assessments ranging from \$87,825 to \$158,459 or from \$23.51 to \$37.14 per square foot of living area. The subject's improvement assessment of \$110,730 or \$29.04 per square foot of living area falls

within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
