

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Azra Fatima
DOCKET NO.: 22-24083.001-R-1
PARCEL NO.: 07-17-211-004-0000

The parties of record before the Property Tax Appeal Board are Azra Fatima, the appellant, by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$10,788
IMPR.: \$24,212
TOTAL: \$35,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 2,064 square feet of living area. The dwelling is approximately 38 years old. Features of the home include 2 full bathrooms and a 2-car garage.¹ The property has a 10,788 square foot site and is located in Hoffman Estates, Schaumburg Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five comparables located within the same assessment neighborhood as the subject. The comparables consist of

¹ The appellant described the subject as having a full basement finished with an apartment whereas the board of review described the subject as having a slab foundation. Neither party provided additional documentary evidence to support their respective descriptions of the subject property.

class 2-78, 2-story dwellings of frame exterior construction ranging in size from 2,186 to 2,540 square feet of living area. The dwellings are 37 to 39 years old. Each comparable has a full basement finished with an apartment, 1 or 2 full and 1 half bathrooms, central air conditioning and a 2-car garage. One comparable has a fireplace. The comparables have improvement assessments ranging from \$23,135 to \$26,672 or from \$10.43 to \$10.97 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$35,000. The subject property has an improvement assessment of \$24,212 or \$11.73 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four comparables located within the same assessment neighborhood and block as the subject. Two comparables are located along the same street as the subject. The comparables consist of class 2-78, 2-story dwellings of frame exterior construction ranging in size from 2,064 to 2,241 square feet of living area. The dwellings are 29 to 39 years old. Three comparables each have a full unfinished basement, and one comparable has a slab foundation. Each comparable has 2 or 3 full and 1 or 2 half bathrooms, central air conditioning, a fireplace and either a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$29,681 to \$31,474 or from \$13.24 to \$14.54 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2 and #5 which are less similar to the subject in dwelling size than the other comparables in the record.

The Board finds the best evidence of assessment equity to be the appellant's comparables #3 and #4 as well as the board of review's comparables. These comparables are overall most similar to the subject in location, design, age, and dwelling size but have varying degrees of similarity to the subject in other features. Furthermore, the board of review comparable #1 is located on the subject's same block and is essentially identical to the subject in age and dwelling size. These six comparables have improvement assessments ranging from \$23,135 to \$31,474 or from \$10.58 to \$14.54 per square foot of living area. The subject's improvement assessment of \$24,212 or \$11.73 per square foot of living area falls within the range established by the best comparables in the record. After considering adjustments to the best comparables for differences

from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
