

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Nathan Beu
DOCKET NO.: 22-24084.001-R-1
PARCEL NO.: 05-29-100-003-0000

The parties of record before the Property Tax Appeal Board are Nathan Beu, the appellant, by attorney Abby L. Strauss, of Schiller Law P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$22,076
IMPR.: \$68,615
TOTAL: \$90,691

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of frame and masonry exterior construction with 3,409 square feet of living area. The home is approximately 97 years old. Features include a full basement, central air conditioning, one fireplace, and a 2-car garage. The property has a 15,769 square foot site and is located in Winnetka, New Trier Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the subject's assessment neighborhood code. The comparables are improved with 1-story, class 2-04 dwellings of frame and masonry exterior construction ranging in size from 2,974 to 7,500 square feet of living area. The homes are either 57 or 68 years old. Three comparables each have a partial basement and one comparable has a slab foundation.

Each comparable has central air conditioning, from one to three fireplaces, and from a 2-car to a 3-car garage. The comparables have improvement assessments ranging from \$54,500 to \$140,279 or from \$15.28 to \$18.70 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced

The appellant's submission included a copy of the "Cook County Board of Review" final decision for the 2022 tax year disclosing the subject has a total assessment of \$90,691. The subject has an improvement assessment of \$68,615 or \$20.13 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal." In support of its contention of the correct assessment, the board of review submitted information on three equity comparables located within the subject's assessment neighborhood code. The comparables are improved with 1-story or 1.5-story, class 2-04 dwellings of frame or frame and masonry exterior construction ranging in size from 2,434 to 3,926 square feet of living area. The homes range in age from 62 to 69 years old. Two comparables each have a full or partial basement and one comparable has a slab foundation. Each comparable has central air conditioning, two or three fireplaces, and a 2-car garage. The comparables have improvement assessments ranging from \$61,000 to \$101,772 or from \$24.57 to \$27.99 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

In written rebuttal, the appellant pointed out the differences in age, living area (dwelling size) and exterior construction type between the subject property and the board of review comparables #1, #2, and #3.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested equity comparables for the Board's consideration. The Board finds each comparable is located in the same assessment neighborhood code as the subject and similar in classification. However, each comparable is a substantially newer home than the subject with one or more additional differences from the subject, including, but not limited to, age, dwelling size, foundation type, and/or design. The comparables have improvement assessments ranging from \$54,500 to \$140,279 or from \$15.28 to \$27.99 per square foot of living area. The subject's improvement assessment of \$68,615 or \$20.13 per square foot of living area falls within the range established by the comparables in this record. Based on the equity evidence in this record, the Board finds the appellant did not demonstrate that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
