

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Thomas Moran
DOCKET NO.: 22-24091.001-R-1
PARCEL NO.: 05-34-107-040-0000

The parties of record before the Property Tax Appeal Board are Thomas Moran, the appellant, by attorney Abby L. Strauss, of Schiller Law P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$29,592
IMPR.: \$118,316
TOTAL: \$147,908

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 3,973 square feet of living area. The home is approximately 24 years old. Features include a full basement, central air conditioning, three fireplaces, and a 2-car garage. The property has a 10,761 square foot site and is located in Wilmette, New Trier Township, Cook County. The subject is classified as a class 2-08 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables located within the subject's assessment neighborhood code. The comparables are improved with class 2-08 dwellings of frame exterior construction ranging in size from 3,907 to 4,433 square feet of living area. The homes range in age from 0 to 9 years old. The comparables

each have a full basement, central air conditioning, and from a 2-car to a 3-car garage. Four comparables each have one or two fireplaces. The comparables have improvement assessments ranging from \$45,360 to \$116,718 or from \$10.28 to \$28.22 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The appellant's submission included a copy of the "Cook County Board of Review" final decision for the 2022 tax year disclosing the subject has a total assessment of \$147,908. The subject has an improvement assessment of \$118,316 or \$29.78 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal." In support of its contention of the correct assessment, the board of review submitted information on three equity comparables that are located within the subject's assessment neighborhood code. The comparables are improved with 2-story, class 2-08 dwellings of frame exterior construction ranging in size from 3,968 to 4,465 square feet of living area. The homes range in age from 3 to 18 years old. Each comparable has a full or partial basement, central air conditioning, one or two fireplaces, and a 2-car or a 3-car garage. The comparables have improvement assessments ranging from \$140,785 to \$155,075 or from \$34.72 to \$35.81 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested equity comparables for the Board's consideration with each having the same assessment neighborhood code and classification as the subject. The parties' comparables have varying degrees of similarity to the subject in age and other features. Nevertheless, the Board gives less weight to the appellant's comparable #1 which is reported to have an age of "0" and an improvement assessment that is substantially lower than the other comparables in this record, thus making this comparable an outlier. The seven remaining comparables have improvement assessments ranging from \$110,256 to \$155,075 or from \$25.47 to \$35.81 per square foot of living area. The subject's improvement assessment of \$118,316 or \$29.78 per square foot of living area falls within the range established by the seven remaining comparables in this record. After considering the necessary adjustments to the best comparables for differences from the subject, including but not limited to age, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
