

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Steven Varick
DOCKET NO.: 22-24124.001-R-1
PARCEL NO.: 05-07-407-007-0000

The parties of record before the Property Tax Appeal Board are Steven Varick, the appellant, by attorney Abby L. Strauss, of Schiller Law P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$22,875
IMPR.: \$62,125
TOTAL: \$85,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 2,650 square feet of living area. The home is approximately 114 years old. Features include a partial basement, 2½ bathrooms, one fireplace, and a 2-car garage. The property has a 9,150 square foot site and is located in Glencoe, New Trier Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables that are located within the same assessment neighborhood code as the subject property. The comparables are improved with class 2-06 dwellings of frame exterior construction ranging in size from 2,502 to 2,941 square feet of living area. The homes range in age from 86 to 101 years old. Each comparable has a full or partial basement, 1 or 2 bathrooms,

and one fireplace. Two comparables each have central air conditioning. Four comparables have from a 1-car to a 2-car garage. The comparables have improvement assessments ranging from \$53,125 to \$58,783 or from \$20.18 to \$21.82 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$85,000. The subject property has an improvement assessment of \$62,125 or \$23.44 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on three equity comparables with the same assessment neighborhood code as the subject property. The comparables are improved with 2-story, class 2-06 dwellings of frame exterior construction ranging in size from 2,380 to 2,706 square feet of living area. The homes range in age from 112 to 120 years old. The comparables each have a full or partial basement, from 2 to 3½ bathrooms, one or three fireplaces, and either a 1-car or a 2-car garage. Two comparables each have central air conditioning. The comparables have improvement assessments ranging from \$61,375 to \$66,053 or from \$24.41 to \$27.42 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #2, #4, and #5 as well as board or review comparables #2 and #3 which are reported to have central air conditioning, unlike the subject, or lacks a garage amenity, which the subject features.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1 and #3 as well as board of review comparable #1 which are similar to the subject in location, design/class, age, and dwelling size with varying degrees of similarity in bathroom count and other features. These comparables have improvement assessments ranging from \$53,125 to \$61,375 or from \$20.18 to \$25.10 per square foot of living area. The subject's improvement assessment of \$62,125 or \$23.44 per square foot of living area falls above the range established by the best comparables in this record on an overall basis but within the range on a per square foot basis. However, based on this record and after considering the necessary adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
