

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Maria Gac
DOCKET NO.: 22-24137.001-R-1
PARCEL NO.: 05-08-100-027-0000

The parties of record before the Property Tax Appeal Board are Maria Gac, the appellant, by attorney Abby L. Strauss, of Schiller Law P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$41,440
IMPR.: \$67,560
TOTAL: \$109,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of frame and masonry exterior construction with 2,073 square feet of living area. The home is approximately 63 years old. Features include a full basement, central air conditioning, two fireplaces, and a 2-car garage. The property has a 14,800 square foot site and is located in Glencoe, New Trier Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on nine equity comparables, none of which are located within the subject's assessment neighborhood code. The comparables are improved with class 2-04 dwellings of frame and masonry exterior construction ranging in size from 2,125 to 2,255 square feet of living area. The homes range in age from 38 to 136 years old. Eight comparables each have a full or partial basement and one comparable has

a crawl space foundation. Six comparables each have central air conditioning. Eight comparables each have one fireplace. Eight comparables each have from a 1-car to a 2.5-car garage. The comparables have improvement assessments ranging from \$45,375 to \$60,669 or from \$20.17 to \$27.81 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$109,000. The subject property has an improvement assessment of \$67,560 or \$32.59 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on three equity comparables located within the subject's assessment neighborhood code. The comparables are improved with 1-story or 1.5-story, class 2-04 dwellings of masonry or frame and masonry exterior construction ranging in size from 2,254 to 5,461 square feet of living area. The homes range in age from 3 to 66 years old. Each comparable has a full or partial basement, central air conditioning, from one to three fireplaces, and a 1-car or a 3-car garage. The comparables have improvement assessments ranging from \$89,658 to \$331,504 or from \$33.07 to \$60.70 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

In written rebuttal, the appellant pointed out the differences in age and dwelling size (living area) between the subject property and board of review comparables #2 and #3.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted twelve suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1 and #3 through #6 as well as board of review comparables #2 and #3 which present substantial differences from the subject in age, dwelling size, foundation type, central air conditioning, and/or garage amenity.

The Board finds the best evidence of assessment equity to be the appellant's comparables #2, #7, #8, and #9 as well as board of review comparable #1 which are similar to the subject in class, age, dwelling size, and most features. The best comparables have improvement assessments ranging from \$50,258 to \$89,658 or from \$22.29 to \$39.78 per square foot of living area, respectively. The subject's improvement assessment of \$67,560 or \$32.59 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
