

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Art Rauch
DOCKET NO.: 22-24272.001-R-1
PARCEL NO.: 07-24-116-009-0000

The parties of record before the Property Tax Appeal Board are Art Rauch, the appellant, by attorney Noah J. Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$17,251
IMPR.: \$33,850
TOTAL: \$51,101

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 2,430 square feet of living area. The dwelling is approximately 31 years old.¹ The home features a partial basement, central air conditioning, a fireplace and a 2-car garage. The property has a 13,270 square foot site and is located in Schaumburg, Schaumburg County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five comparables located within a different assessment neighborhood than the subject property in Roselle or

¹ The parties differ regarding the age of the subject dwelling. The board of review indicated the subject is a 31 year old dwelling, which was unrefuted by the appellant.

Schaumburg, Illinois. The comparables consist of class 2-78, 2-story dwellings of frame, masonry or frame and masonry exterior construction ranging in size from 2,059 to 3,514 square feet of living area. The dwellings are 26 to 35 years old. The comparables have full basements with four having finished area. Each comparable has central air conditioning, a fireplace and either a 2-car or a 3-car garage. The comparables have improvement assessments that range from \$7,940 to \$15,249 or from \$3.86 to \$5.22 per square foot of living area. The appellant requested the subject's total assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the subject has a total assessment for the subject of \$51,101. The subject property has an improvement assessment of \$33,850 or \$13.93 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four comparables located within the subject's assessment neighborhood and block in Schaumburg, Illinois. Two comparables are located along the same street as the subject. The comparables consist of class 2-78, 2-story dwellings of frame exterior construction ranging in size from 2,293 to 2,534 square feet of living area. The dwellings are 29 to 32 years old. Each comparable has a basement with one having a finished area, central air conditioning, a fireplace, and a 2-car garage. The comparables have improvement assessments that range from \$37,225 to \$38,987 or from \$14.69 to \$16.78 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine comparables for the Board's consideration. The Board gives less weight to the appellant's comparables which are located within a different assessment neighborhood and/or city than the subject property. The appellant's comparables #1, #3 and #5 also differ from the subject in dwelling size.

The Board finds the best evidence of assessment equity to be the board of review comparables which are located within the same assessment neighborhood, block and city as the subject property. These comparables are also similar to the subject in design, age, dwelling size, and most features. These three comparables have improvement assessments ranging from \$37,225 to \$38,987 or from \$14.69 to \$16.78 per square foot of living area. The subject's improvement assessment of \$33,850 or \$13.93 per square foot of living area falls below the range established by the best comparables in the record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and

convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
