

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Brian Bewley  
DOCKET NO.: 22-24280.001-R-1  
PARCEL NO.: 05-34-205-005-0000

The parties of record before the Property Tax Appeal Board are Brian Bewley, the appellant, by attorney Noah J. Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$20,625  
**IMPR.:** \$87,310  
**TOTAL:** \$107,935

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of frame exterior construction with 2,811 square feet of living area. The dwelling is approximately 122 years old. Features of the home include a basement with finished area, central air conditioning, two fireplaces, and a 2-car garage. The property has a 7,500 square foot site and is located in Wilmette, New Trier Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story, class 2-06 homes of masonry or stucco exterior construction ranging in size from 2,567 to 2,882 square feet of living area. The dwellings range

in age from 70 to 128 years old. Each home has a basement, two of which have finished area, and a 1-car or a 2-car garage. Three homes have central air conditioning and four homes have a fireplace. The comparables have improvement assessments ranging from \$63,179 to \$75,912 or from \$24.61 to \$26.34 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$72,833.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$107,935. The subject property has an improvement assessment of \$87,310 or \$31.06 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the same assessment neighborhood code as the subject and on the same block or 0.25 of a mile from the subject. The comparables are improved with 2-story, class 2-06 homes of frame or stucco exterior construction ranging in size from 2,817 to 3,052 square feet of living area. The dwellings range in age from 109 to 123 years old. Each home has a basement, two of which have finished area, one or two fireplaces, and a 2-car garage. Three homes have central air conditioning. The board of review reported comparables #3 and #4 have other improvements that were not further described. The comparables have improvement assessments ranging from \$93,725 to \$100,623 or from \$32.03 to \$35.72 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1 through #4, due to substantial differences from the subject in age, basement finish, and/or central air conditioning amenity. The Board gives less weight to the board of review's comparables #3 and #4, which have other improvements that were not further described. The Board finds the best evidence of assessment equity to be the appellant's comparable #5 and the board of review's comparables #1 and #2, which are more similar to the subject in dwelling size, age, location, and features. These comparables have improvement assessments that range from \$75,912 to \$100,250 or from \$26.34 to \$32.85 per square foot of living area. The subject's improvement assessment of \$87,310 or \$31.06 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
