

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Daniel Lennington
DOCKET NO.: 22-24287.001-R-1
PARCEL NO.: 05-33-114-011-0000

The parties of record before the Property Tax Appeal Board are Daniel Lennington, the appellant, by attorney Noah J. Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$11,550
IMPR.: \$87,279
TOTAL: \$98,829

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 2,762 square feet of living area. The dwelling is approximately 17 years old. Features of the home include a full basement with finished area, central air conditioning, 2 fireplaces and a 2-car garage. The property has a 6,600 square foot site and is located in Wilmette, New Trier Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five comparables located within the same assessment neighborhood as the subject property. The comparables consist of class 2-78, 2-story dwellings of frame or frame and masonry exterior construction ranging in size from 2,499 to 3,036 square feet of living area. The homes are from 47 to 60

years old. The comparables have full basements with three having finished area. Four comparables each have central air conditioning, and each comparable has 1 or 3 fireplaces and a 2-car garage. The comparables have improvement assessments ranging from \$48,938 to \$58,539 or from \$18.86 to \$19.58 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$52,975 or \$19.18 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$98,829. The subject property has an improvement assessment of \$87,279 or \$31.60 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on three comparables located within the subject's same assessment neighborhood and within approximately $\frac{1}{4}$ of a mile from the subject property. The comparables consist of class 2-78, 2-story dwellings of masonry exterior construction ranging in size from 2,726 to 3,283 square feet of living area. The homes are 15 or 17 years old. Each comparable has a full basement with one having finished area, central air conditioning, 1 or 2 fireplaces and a 2-car garage. The comparables have improvement assessments ranging from \$86,741 to \$110,450 or from \$31.82 to \$38.73 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables and the board of review comparable #2 due to their significantly older ages or larger dwelling size when compared to the subject dwelling.

The Board finds the best evidence of assessment equity to be the board of review comparables #1 and #3. These comparables are overall more similar to the subject in location, age, dwelling size, and most features, except one dwelling has an unfinished basement area, unlike the subject's finished basement area. These two comparables have improvement assessments of \$86,741 and \$108,526 or \$31.82 and \$38.73 per square foot of living area, respectively. The subject's improvement assessment of \$87,279 or \$31.60 per square foot of living area is bracketed by the two best comparables in the record on an overall basis and falls below these two comparables on a per square foot basis. After considering adjustments to the two best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
