

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Tammy Wallace Graham
DOCKET NO.: 22-24295.001-R-1
PARCEL NO.: 05-18-221-003-0000

The parties of record before the Property Tax Appeal Board are Tammy Wallace Graham, the appellant, by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$19,875
IMPR.: \$80,090
TOTAL: \$99,965

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction with 3,003 square feet of living area. The dwelling is approximately 95 years old. Features of the home include a basement, central air conditioning, a fireplace, and a one-car garage. The property has a 7,950 square foot site and is located in Winnetka, New Trier Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five comparables located within the same assessment neighborhood code as the subject. The comparables consist of two-story, class 2-06 homes of frame, masonry, stucco or frame and masonry exterior construction ranging in size from 2,844 to 3,179 square feet of living area. According to the

property characteristics printouts the dwellings range in age from 78 to 99 years old. Each home has a basement with three having finished area and one or two fireplaces. Two comparables each have a fireplace, and four comparables each have a two-car garage. The comparables have improvement assessments ranging from \$60,800 to \$67,865 or from \$20.57 to \$21.38 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment to \$63,993.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$99,965. The subject property has an improvement assessment of \$80,090 or \$26.67 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on three comparables located within the subject's same assessment neighborhood code and within the subject's same block or approximately ¼ of a mile from the subject. The comparables consist of two-story, class 2-06 homes of frame exterior construction ranging in size from 2,591 to 3,155 square feet of living area. The dwellings range in age from 71 to 98 years old. Each home has a basement with two having finished area, one or two fireplaces and a one-car or a two-car garage. Two comparables each have central air conditioning. The comparables have improvement assessments ranging from \$78,875 to \$90,375 or from \$27.21 to \$30.44 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Adm.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Adm.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1 and #3 as well as the board of review comparable #2 due to the dwellings' considerably newer ages and/or lack of a garage amenity when compared to the subject.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables. These comparables are relatively similar to the subject in location, age, and dwelling size but have varying degrees of similarity in other features. These five comparables have improvement assessments that range from \$60,800 to \$80,980 or from \$20.57 to \$30.44 per square foot of living area. The subject's improvement assessment of \$80,090 or \$26.67 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's

improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that the properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity, which exists on the basis of the evidence.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
