

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Scott Smith
DOCKET NO.: 22-24300.001-R-1
PARCEL NO.: 05-18-403-092-0000

The parties of record before the Property Tax Appeal Board are Scott Smith, the appellant, by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$89,607
IMPR.: \$123,854
TOTAL: \$213,461

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame and masonry exterior construction with 4,577 square feet of living area. The dwelling is approximately 77 years old. Features of the home include a basement, central air conditioning, 2 fireplaces, and a 2-car garage. The property has a 51,204 square foot site and is located in Winnetka, New Trier Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five comparables located within the same assessment neighborhood code as the subject. The comparables consist of class 2-06, 2-story homes of frame or frame and masonry exterior construction ranging in size from 4,246 to 4,702 square feet of living area. The homes range in age from 64 to 100 years old.

Four homes each have a basement, and one home has a slab foundation. Four comparables each have central air conditioning, and each dwelling has 2 fireplaces and either a 2-car or a 3-car garage. The comparables have improvement assessments ranging from \$91,289 to \$108,929 or from \$20.00 to \$24.15 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment to \$103,531.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$213,461. The subject property has an improvement assessment of \$123,854 or \$27.06 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four comparables located within the subject's same assessment neighborhood code and within the subject's same block or approximately ¼ of a mile from the subject. The comparables consist of class 2-06, 2-story homes of masonry or frame and masonry exterior construction ranging in size from 3,619 to 4,531 square feet of living area. The homes range in age from 66 to 85 years old. Three homes each have a basement, and one home has a crawl space foundation. Each comparable has central air conditioning, 1 to 3 fireplaces, and either a 2-car or a 3-car garage. The comparables have improvement assessments ranging from \$99,465 to \$140,000 or from \$27.48 to \$31.10 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.AdM.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.AdM.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables and the board of review comparables #2 and #4 which are less similar to the subject in dwelling size, age and/or foundation type than the other comparables in the record.

The Board finds the best evidence of assessment equity to be the board of review's comparables #1 and #3 which are overall most similar to the subject in location, dwelling size, age, foundation type and most features. These two comparables have improvement assessments of \$113,885 and \$140,000 or \$28.04 and \$30.90 per square foot of living area, respectively. The subject's improvement assessment of \$123,854 or \$27.06 per square foot of living area is bracketed by the two best comparables in this record in terms of an overall improvement assessment basis and below on a per square foot of living area basis. After considering adjustments to the two best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that the properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity, which exists on the basis of the evidence.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
