

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Bradley O'Dell
DOCKET NO.: 22-24309.001-R-1
PARCEL NO.: 05-28-302-026-0000

The parties of record before the Property Tax Appeal Board are Bradley O'Dell, the appellant, by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$41,040
IMPR.: \$88,345
TOTAL: \$129,385

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry construction with 3,868 square feet of living area. The dwelling is approximately 92 years old. Features of the home include a basement, central air conditioning, 3 fireplaces, and a 2-car garage. The property has a 12,825 square foot site and is located in Kenilworth, New Trier Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables. The comparables consist of 2-story dwellings of frame, masonry or frame and masonry exterior construction ranging in size from 3,509 to 3,702 square feet of living area. The dwellings range in age from 68 to 119 years old. Each comparable has a basement, central air

conditioning, and either a 1-car or a 2-car garage. Four comparables each have from 1 to 3 fireplaces. The comparables have improvement assessments that range from \$62,008 to \$70,400 or from \$17.42 to \$19.45 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$73,840 or \$19.09 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal." The appellant submitted a copy of the Cook County Board of Review final decision for the 2022 tax year disclosing the total assessment for the subject of \$129,385. The subject property has an improvement assessment of \$88,345 or \$22.84 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on three comparables located within the same assessment neighborhood code as the subject and within the subject's same block or approximately 1/4 of a mile from the subject. The comparables consist of class 2-06 2-story dwellings of masonry or frame and masonry exterior construction ranging in size from 3,311 to 4,590 square feet of living area. The dwellings range in age from 82 to 93 years old. Each comparable has a basement, and three comparables each have central air conditioning, 2 fireplaces, and a 2-car garage. The comparables have improvement assessments that range from \$78,613 to \$116,400 or from \$23.32 to \$27.35 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #3, #4 and #5 which are considerably less similar in age to the subject dwelling than the other comparables in the record. In addition, the Board gives less weight to the board of review comparables #1 and #4 due to their considerably larger dwelling size or lack of a central air conditioning and garage amenity, which are features of the subject property.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are overall most similar to the subject in location, dwelling size, age and most features. These three comparables have improvement assessments ranging from \$70,400 to \$99,810 or from \$19.02 to \$26.87 per square foot of living area. The subject's improvement assessment of \$88,345 or \$22.84 per square foot of living area falls within the range established by the best comparables in the record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and

convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that the properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity, which exists on the basis of the evidence.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
