

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Majid Razafsha
DOCKET NO.: 22-24310.001-R-1
PARCEL NO.: 05-32-401-048-0000

The parties of record before the Property Tax Appeal Board are Majid Razafsha, the appellant, by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$20,702
IMPR.: \$99,391
TOTAL: \$120,093

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 3,782 square feet of living area. The dwelling is approximately 15 years old. Features of the home include a full basement, central air conditioning, a fireplace and a 2-car garage. The property has an 11,830 square foot site and is located in Wilmette, New Trier Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five comparables located within the same assessment neighborhood as the subject property. The comparables consist of class 2-78, 2-story dwellings of masonry or frame and masonry exterior construction ranging in size from 3,416 to 3,689 square feet of living area. The homes are 16 to 34 years old.

Each comparable has a full basement, central air conditioning and a 2-car or a 3-car garage. Four comparables each have a fireplace. The comparables have improvement assessments ranging from \$65,372 to \$70,132 or from \$18.65 to \$19.14 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$72,084 or \$19.06 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal." The appellant submitted a copy of the Cook County Board of Review final decision for the 2022 tax year disclosing the total assessment for the subject of \$120,093. The subject property has an improvement assessment of \$99,391 or \$26.28 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on three comparables located within the subject's assessment neighborhood and within the subject's subarea or approximately ¼ of a mile of the subject property. The comparables consist of class 2-78, 2-story dwellings of masonry exterior construction ranging in size from 3,096 to 3,269 square feet of living area. The homes are 13 or 15 years old. Each comparable has a full basement, central air conditioning, a fireplace and a 2-car or a 3-car garage. The comparables have improvement assessments ranging from \$83,529 to \$92,774 or from \$26.45 to \$28.38 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2, #3 and #4 due to their significantly older ages when compared to the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparable #5 and the board of review's comparables. These comparables are overall more similar to the subject in location, design, age and most features. However, the comparables have from 10% to 18% smaller dwelling sizes, suggesting upward adjustments for this difference would be appropriate to make them more equivalent to the subject. These four comparables have improvement assessments ranging from \$65,372 to \$92,774 or from \$19.14 to \$28.38 per square foot of living area. The subject's improvement assessment of \$99,391 or \$26.28 per square foot of living area falls above the range established by the best comparables in the record on an overall improvement assessment basis and within the range on per square foot basis which is logical given the subject's larger dwelling size. After considering the economies of scale and adjustments to the best comparables for differences from the subject, the Board finds the

appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that the properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity, which appears to exist on the basis of the evidence.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
