

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: BBH Properties, LLC
DOCKET NO.: 22-24427.001-R-1
PARCEL NO.: 30-31-208-038-0000

The parties of record before the Property Tax Appeal Board are BBH Properties, LLC, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,343
IMPR.: \$6,511
TOTAL: \$8,854

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of masonry exterior construction with 945 square feet of living area. The dwelling is approximately 66 years old. Features of the home include a slab foundation and a 2.5-car garage. The property has a 6,250 square foot site and is located in Lansing, Thornton Township, Cook County. The subject is classified as a class 2-02 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables with the same assessment neighborhood code. The comparables are class 2-02 properties improved with 1-story dwellings of masonry exterior construction ranging in size from 832 to 945 square feet of living area. The dwellings are 66 to 75 years old. Two comparables have full basements and two have slab foundations. Two comparables each have a fireplace. Each comparable has a 2-car or a 2.5-

car garage. The comparables have improvement assessments ranging from \$5,518 to \$6,539 or from \$6.53 to \$6.92 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$9,035. The subject property has an improvement assessment of \$6,692 or \$7.08 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on three equity comparables with the same assessment neighborhood code as the subject. The comparables are class 2-02 properties improved with 1-story or 1.5-story dwellings of masonry or frame and masonry exterior construction ranging in size from 784 to 858 square feet of living area. The dwellings are 67 to 78 years old and have full basements, two with finished area. Each comparable has a 1.5-car or a 2-car garage. The comparables have improvement assessments ranging from \$7,639 to \$7,738 or from \$9.01 to \$9.74 per square foot of living area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The record contains seven comparables for the Board's consideration. The Board gives less weight to appellant's comparables #1 and #2 and the board of review comparables due to differences in foundation type and dwelling size when compared to the subject.

The Board finds the best evidence of assessment equity to be appellant's comparables #3 and #4 which are identical or nearly identical to the subject in location, age, dwelling size and features. The comparables have improvement assessments ranging of \$6,483 and \$6,539 or \$6.86 and \$6.92 per square foot of living area. The subject's improvement assessment of \$6,692 or \$7.08 per square foot of living area is above the two best comparables in the record both on overall and per square foot bases. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
