

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Steven Davies
DOCKET NO.: 22-24438.001-R-1
PARCEL NO.: 05-34-420-024-0000

The parties of record before the Property Tax Appeal Board are Steven Davies, the appellant, by Dora Cornelio, attorney-at-law of Schmidt Salzman & Moran, Ltd. in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$14,588
IMPR.: \$58,709
TOTAL: \$73,297

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a two-story dwelling of masonry exterior construction containing 2,354 square feet of living area. The dwelling is approximately 100 years old. Features of the property include a full basement with a recreation room, central air conditioning, two bathrooms, and a 1.5-car garage.¹ The property has a 6,343 square foot site located in Evanston, Evanston Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends inequity regarding the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on five equity

¹ The appellant described the subject as having a basement with a recreation room whereas the board of review described the subject as having an unfinished basement. For purposes of this appeal the Board accepts the appellant's description of the basement's finish.

comparables composed of class 2-06 properties improved with two-story dwellings of frame, stucco or frame and masonry exterior construction that range in size from 2,239 to 2,539 square feet of living area. The homes range in age from 71 to 152 years old. Each property has a full basement with three having finished area, 1½ or 2½ bathrooms, and a 1-car, 1.5-car or 2-car garage. Two comparables have central air conditioning. The comparables have the same assessment neighborhood code as the subject property. Their improvement assessments range from \$44,977 to \$49,468 or from \$19.46 to \$20.76 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$47,291.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$73,297. The subject property has an improvement assessment of \$58,709 or \$24.94 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables composed of class 2-06 properties improved with two-story dwellings of frame or stucco exterior construction that range in size from 2,269 to 2,338 square feet of living area. The homes range in age from 86 to 104 years old. Each property has a full or partial basement with two having finished area, one fireplace, and a 2-car garage. Three comparables have central air conditioning. The comparables have 2, 2½ or 3 bathrooms. The comparables have the same assessment neighborhood code as the subject and are located ¼ of a mile from the subject. These properties have improvement assessments ranging from \$61,479 to \$72,740 or from \$26.96 to \$32.06 per square foot of living area. The board of review contends the building assessed value per square foot for the comparables are equal or higher than the subject, which supports the 2022 assessed value as equitable.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on nine equity comparables with the same classification code and neighborhood code as the subject property to support their respective positions. The comparables submitted by both parties are relatively equivalent to each other in terms of being similar to the subject in style and size with varying degrees of similarity to the subject in age and features, which would require adjustments to make them more equivalent to the subject property. The nine comparables have improvement assessments that range from \$44,977 to \$72,740 or from \$19.46 to \$32.06 per square foot of living area. The subject's improvement assessment of \$58,709 or \$24.94 per square foot of living area falls within the range established by the comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
