

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Adedapo Adedeji
DOCKET NO.: 22-24589.001-R-1
PARCEL NO.: 05-34-323-002-0000

The parties of record before the Property Tax Appeal Board are Adedapo Adedeji, the appellant, by Dora Cornelio, attorney-at-law of Schmidt Salzman & Moran, Ltd. in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$17,250
IMPR.: \$72,055
TOTAL: \$89,305

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a two-story dwelling of frame construction containing 3,141 square feet of living area. The dwelling is approximately 125. Features of the property include a full basement with a recreation room, central air conditioning, 2½ bathrooms, and a two-car garage. The property has a 7,500 square foot site located in Evanston, Evanston Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends inequity regarding the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables consisting of class 2-06 properties that are improved with two-story dwellings of stucco, masonry or frame and masonry exterior construction that range in size from 2,977 to 3,196 square feet of living area. The homes range in age from 78 to 107 years old. Each

property has a full basement with three having finished area, and 1½, 2 or 4 bathrooms. Three comparables have central air conditioning, four comparables have one or two fireplaces, and three comparables have a 2-car, 2.5-car or 4-car garage. The comparables have the same assessment neighborhood code as the subject property. Their improvement assessments range from \$53,340 to \$59,955 or from \$17.24 to \$19.71 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$57,762.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$89,305. The subject property has an improvement assessment of \$72,055 or \$22.94 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables composed of class 2-06 properties improved with two-story dwellings of frame construction that range in size from 2,834 to 3,138 square feet of living area. The homes range in age from 107 to 124 years old. Each property has a full basement with one having finished area, central air conditioning, and a 2-car garage. Each comparable has two full bathrooms and three comparables have an additional one or two half bathrooms. Three of the comparables have one fireplace. The comparables have the same assessment neighborhood code as the subject property and are located in the same block or ¼ of a mile from the subject property. Comparables #1 and #2 are located along the same street as the subject property. The comparables have improvement assessments ranging from \$72,635 to \$75,750 or from \$24.14 to \$25.63 per square foot of living area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on nine comparables that have the same classification code and assessment neighborhood code as the subject property to support their respective positions. The Board gives less weight to appellant's comparables #2, #3 and #4 due to the lack of central air conditioning, and/or a garage, which are features of the subject property. The Board finds the best evidence of assessment equity to be appellant's comparables #1 and #5 as well as the board of review comparables. These properties are relatively similar to the subject in features with the exception that four have unfinished basements unlike the subject property, and five comparables have 1 or 2 fireplaces which is a feature the subject does not have, indicating adjustments to the comparables would be appropriate to make them more equivalent to the subject. These six comparables have improvement assessments that range from \$54,379 to \$75,750 or from \$17.24 to \$25.63 per square foot of living area. Board of review comparables #1 and #2 are most similar to the subject in location with improvement assessments of \$72,635 and \$75,700 or \$25.63 and \$24.14 per square foot of living area, respectively. The subject's improvement assessment of \$72,055 or \$22.94 per square foot of living area falls within the range established

by the best comparables in this record and is below the two comparables most like the subject in location. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
