

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mark Styles
DOCKET NO.: 22-24764.001-R-1
PARCEL NO.: 04-12-203-013-0000

The parties of record before the Property Tax Appeal Board are Mark Styles, the appellant, by attorney Abby L. Strauss of Schiller Law P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$21,459
IMPR.: \$108,371
TOTAL: \$129,830

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and masonry exterior construction with 3,657 square feet of living area. The dwelling is approximately 18 years old. The home features a full basement that is finished with a formal recreation room,¹ central air conditioning, 4 bathrooms, two fireplaces and a two-car garage. The property has a 12,623 square foot site and is located in Glencoe, New Trier Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables that have the same assessment neighborhood code and property classification code

¹ The board of review disclosed the subject dwelling has a basement that is finished with a formal recreation room, which was not refuted by the appellant.

as the subject. The comparables are improved with dwellings of frame and masonry exterior construction ranging in size from 3,341 to 3,795 square feet of living area. The dwellings are from 17 to 27 years old. The comparables each have a full basement. No data was provided by the appellant concerning finished basement area, if any, for the comparables. Each comparable has central air conditioning, 3 bathrooms, a fireplace and either a two-car or a three-car garage. The comparables have improvement assessments that range from \$76,844 to \$94,016 or from \$20.78 to \$26.78 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$88,390 or \$24.17 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$129,830. The subject property has an improvement assessment of \$108,371 or \$29.63 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that have the same assessment neighborhood code and property classification code as the subject. The comparables are located either within the same block and along the same street or approximately ¼ of a mile from the subject property. The comparables are improved with two-story dwellings of frame or masonry exterior construction ranging in size from 2,999 to 3,728 square feet of living area. The dwellings are from 4 to 28 years old. The comparables each have a full basement that is finished with a formal recreation room, either 3½, 4½ or 5½ bathrooms, central air conditioning, one or two fireplaces and a two-car or a three-car garage. The comparables have improvement assessments that range from \$116,789 to \$147,375 or from \$31.81 to \$44.47 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In rebuttal, counsel for the appellant pointed out that board of review comparable #4 has a smaller dwelling size when compared to the subject; and board of review comparables #1, #3, and #4 have either frame or brick exteriors when compared to the subject's frame and brick exterior.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight comparable properties for the Board's consideration. The Board has given reduced weight to board of review comparables #2 and #4 which differ from the subject dwelling in age and/or size.

The Board finds the appellant's comparables and board of review comparables #1 and #3 have the same assessment neighborhood code and property classification code as the subject. The comparables are more similar to the subject in dwelling size and age. However, these six comparables have varying degrees of similarity to the subject in features, such as bathroom count, fireplace count, basement finish and garage capacity, suggesting adjustments would be required to make the comparables more equivalent to the subject. Nevertheless, the comparables have improvement assessments ranging from \$76,844 to \$118,579 or from \$20.78 to \$31.82 per square foot of living area. The Board finds board of review comparables #1 and #3 are the only comparables that were reported to have basement finish, like the subject, and these two comparables have improvement assessments of \$116,789 and \$118,579 or \$31.81 and \$31.82 per square foot of living area. The subject's improvement assessment of \$108,371 or \$29.63 per square foot of living area falls within the range established by the best comparables in the record and is less than the two board of review comparables that have basement finish, like the subject. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.

DISSENTING: _____

CERTIFICATION

As Clerk of the Illinois Property Tax Appeal Board and the keeper of the Records thereof, I do hereby certify that the foregoing is a true, full and complete Final Administrative Decision of the Illinois Property Tax Appeal Board issued this date in the above entitled appeal, now of record in this said office.

Date: _____

August 19, 2025

Clerk of the Property Tax Appeal Board

IMPORTANT NOTICE

Section 16-185 of the Property Tax Code provides in part:

"If the Property Tax Appeal Board renders a decision lowering the assessment of a particular parcel after the deadline for filing complaints with the Board of Review or after adjournment of the session of the Board of Review at which assessments for the subsequent year or years of the same general assessment period, as provided in Sections 9-125 through 9-225, are being considered, the taxpayer may, within 30 days after the date of written notice of the Property Tax Appeal Board's decision, appeal the assessment for such subsequent year or years directly to the Property Tax Appeal Board."

In order to comply with the above provision, YOU MUST FILE A PETITION AND EVIDENCE WITH THE PROPERTY TAX APPEAL BOARD WITHIN 30 DAYS OF THE DATE OF THE ENCLOSED DECISION IN ORDER TO APPEAL THE ASSESSMENT OF THE PROPERTY FOR THE SUBSEQUENT YEAR OR YEARS. A separate petition and evidence must be filed for each of the remaining years of the general assessment period.

Based upon the issuance of a lowered assessment by the Property Tax Appeal Board, the refund of paid property taxes is the responsibility of your County Treasurer. Please contact that office with any questions you may have regarding the refund of paid property taxes.
