

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Nancy Goldberg
DOCKET NO.: 22-24766.001-R-1
PARCEL NO.: 05-17-111-018-0000

The parties of record before the Property Tax Appeal Board are Nancy Goldberg, the appellant(s), by attorney Jeremy Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$40,590
IMPR.: \$124,410
TOTAL: \$165,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling with 5,636 square feet of living area of frame construction. The dwelling is approximately 106 years old. Features of the home include a full basement with a formal recreation room, central air conditioning, two fireplaces and a garage. The property has a 18,450 square foot site and is located in Glencoe, New Trier Township, Cook County. The subject is classified as a class 2-09 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted an appraisal estimating the subject property had a market value of \$1,650,000 as of January 1, 2022. The appraisal used the sales comparison approach. The appraiser relied on four suggested sales comparables of dwellings within a 1.5-mile radius of the subject property for amounts ranging from \$1,600,000 to \$1,880,000 or between \$331.33 and

\$362.44 per square foot of living area, land included in the sale prices. The appraiser adjusted the sales prices to account for differences between the comparables and the subject. After applying the adjustments, the appraiser determined that the subject's market value was \$1,650,000 or \$292.76 per square foot of living area, including land.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$180,000. The subject's assessment reflects a market value of \$1,800,000 or \$319.37 per square foot of living area, including land, when using the Cook County Real Estate Classification Ordinance level of assessment for class 2 property of 10%.

In support of its contention of the correct assessment the board of review submitted information on four suggested comparable properties. The suggested comparables were sold between August 2021 and September 2022 for amounts ranging from \$2,250,000 to \$6,760,000 or between \$367.05 and \$852.57 per square foot of living area, land included in the sales prices. These comparables are located in the same "subarea" as the subject property. The board of review is requesting that the assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the appraisal submitted by the appellant. That appraisal employed the sales comparison approach, relying upon sales of four suggested comparable properties within a 1.5-mile radius of subject between June 2021 and October 2021, for amounts ranging from \$1,600,000 to \$1,880,000, or from \$331.33 to \$362.44 per square foot of living area, land included in the sales prices. The appraiser adjusted these sales prices to account for differences between the subject and the comparables. In contrast, the board of review's evidence consists of unadjusted data from several sales. The subject's assessment reflects a market value of \$1,800,000 which is above the appraised value. Accordingly, the Board finds the subject property had a fair market value of \$1,650,000 as of the assessment date at issue. Because the assessment reflects a greater fair market value, the Board finds a reduction in the subject's assessment is justified. Since market value has been established the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10% shall apply. (86 Ill.Admin.Code §1910.50(c)(2)).

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
