

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: George Reveliotis (Revel)  
DOCKET NO.: 22-24921.001-R-1  
PARCEL NO.: 07-36-314-010-0000

The parties of record before the Property Tax Appeal Board are George Reveliotis (Revel), the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$10,991  
**IMPR.:** \$31,008  
**TOTAL:** \$41,999

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of frame exterior construction with 2,278 square feet of living area. The dwelling is approximately 45 years old. Features of the home include a partial basement, central air conditioning, a fireplace and a 2-car garage. The property has a 12,562 square foot site and is located in Elk Grove Village, Schaumburg Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of the overvaluation argument, the appellant submitted information on four comparable sales located within the subject's assessment neighborhood and within 0.70 of a mile from the subject property. The comparables have sites that range in size from 8,914 to 12,631 square feet of land area. The properties are improved with class 2-78, 2-story dwellings of frame exterior construction that

range in size from 2,082 to 2,279 square feet of living area. The dwellings are 45 or 46 years old. Each comparable has a partial basement, a fireplace, and either a 2-car or a 3-car garage. Three comparables each have central air conditioning. The comparables sold from February to July 2020 for prices ranging from \$340,000 to \$420,000 or from \$152.88 to \$184.29 per square foot of living area, land included.

Based on this evidence, the appellant requested the subject's total assessment be reduced to \$38,845. The requested assessment reflects a total market value of \$388,450 or \$170.52 per square foot of living area, land included, when applying the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%.

The board of review submitted its "Board of Review Notes on Appeal." The appellant submitted a copy of the Cook County Board of Review final decision disclosing the total assessment for the subject of \$41,999. The subject's assessment reflects a market value of \$419,990 or \$184.37 per square foot of living area, including land, when applying the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%.

In support of its contention of the correct assessment, the board of review submitted information on four comparable sales located within the subject's assessment neighborhood and within the subject's block, the subject's subarea or approximately  $\frac{1}{4}$  of a mile from the subject. The comparables have sites that range in size from 7,620 to 10,866 square feet of land area. The properties are improved with class 2-78, 2-story dwellings of frame exterior construction that range in size from 2,177 to 2,412 square feet of living area. The dwellings are 35 to 45 years old. Each comparable has a partial or full basement and a 2-car garage. Three comparables each have central air conditioning and a fireplace. The comparables sold from June to December 2021 for prices ranging from \$430,000 to \$490,000 or from \$188.76 to \$225.08 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight comparable sales for the Board's consideration. The Board gave less weight to the appellant's comparables that sold in 2020 less proximate in time to the January 1, 2022 assessment date at issue than the board of review's comparable sales. The Board also gives less weight to the board of review comparable #4 due to the dwelling's newer age when compared to the subject.

The Board finds the best evidence of market value to be the board of review's comparables #1, #2 and #3 that are located within the subject's assessment neighborhood and also sold more proximate in time to the assessment date at issue. In addition, these comparables are similar to

the subject in design, age, dwelling size, and most features. These three comparables sold from October to December 2021 for prices ranging from \$430,000 to \$464,900 or from \$188.76 to \$203.62 per square foot of living area, including land. The subject's assessment reflects a market value of \$419,990 or \$184.37 per square foot of living area, including land, which falls below the range established by the best comparable sales in this record. After considering adjustments to the best comparable sales for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
