

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Thoi Gia Nguyen
DOCKET NO.: 22-24948.001-R-1
PARCEL NO.: 08-13-404-010-0000

The parties of record before the Property Tax Appeal Board are Thoi Gia Nguyen, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,300
IMPR.: \$25,071
TOTAL: \$31,371

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of masonry exterior construction with 1,203 square feet of living area. The dwelling is 61 years old. Features of the home include a full unfinished basement, central air conditioning and a one-car garage. The property has a 7,000 square foot site and is located in Des Plaines, Elk Grove Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject and within 0.30 to 0.60 of a mile from the subject. The comparables are improved with class 2-03, one-story dwellings of masonry exterior construction ranging in size from 1,203 to 1,299 square feet

of living area. The dwellings are 56 to 62 years old. The dwellings have full basements, but no data was provided whether the basements have finished area. Each comparable has central air conditioning and a one-car garage. The comparables have improvement assessments ranging from \$22,686 to \$22,700 or from \$17.46 to \$18.87 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$21,678 or \$18.02 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$31,371. The subject property has an improvement assessment of \$25,017 or \$20.84 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on three equity comparables located in the same assessment neighborhood code as the subject property and within the subject's same block and street or approximately a ¼ of a mile from the subject. The comparables are improved with class 2-03, one-story dwellings of masonry exterior construction containing 1,087 or 1,203 square feet of living area. The comparables are 56 to 63 years old. The dwellings have full basements, one of which has finished area, and either a one-car or a two-car garage. Two comparables have central air conditioning. The comparables have improvement assessments ranging from \$24,373 to \$26,700 or from \$21.22 to \$22.42 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2 and #3 as well as the board of review comparable #3 which are less similar in dwelling size to the subject than the other comparables in the record.

The Board finds the best evidence of assessment equity to be the appellant's comparable #4 and the board of review comparables #1 and #2 which are located within the subject's assessment neighborhood code and are also identical or relatively identical to the subject in design, age and dwelling size. These three comparables have improvement assessments ranging from \$22,700 to \$26,700 or from \$18.87 to \$22.19 per square foot of living area. The subject's improvement assessment of \$25,017 or \$20.84 per square foot of living area falls within the range established by the best comparables in the record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
