

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Stephen Skobel
DOCKET NO.: 22-24961.001-R-1
PARCEL NO.: 08-12-418-020-0000

The parties of record before the Property Tax Appeal Board are Stephen Skobel, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,712
IMPR.: \$23,288
TOTAL: \$32,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of masonry exterior construction with 1,271 square feet of living area. The dwelling is 62 years old. Features of the home include a full basement, central air conditioning and a 1-car garage. The property has an 8,712 square foot site and is located in Mount Prospect, Elk Grove Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject and from 0.40 of a mile to 1.90 miles from the subject. The comparables are improved with class 2-03, 1-story dwellings of masonry exterior construction ranging in size from 1,351 to 1,357 square feet of

living area. The dwellings are 62 to 69 years old. The dwellings have full basements, central air conditioning, and a 1-car garage. Three comparables each have a fireplace. The comparables have improvement assessments ranging from \$21,675 to \$23,055 or from \$16.02 to \$16.99 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$20,832 or \$16.39 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$32,000. The subject property has an improvement assessment of \$23,288 or \$18.32 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on three equity comparables located in the same assessment neighborhood code and the same tax block as the subject property. One comparable is also located on the same street as the subject. The comparables are improved with class 2-03, 1-story dwellings of masonry exterior construction containing 1,246 or 1,371 square feet of living area. The comparables are 63 to 66 years old. The dwellings have full basements, and either a one-car or a two-car garage. Two comparables each have central air conditioning and a fireplace. The comparables have improvement assessments ranging from \$22,846 to \$25,021 or from \$18.25 to \$18.39 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #1 due to its location of approximately 1.9 miles away from the subject property.

The Board finds the best evidence of assessment equity to be the appellant's comparables #2, #3 and #4 and the board of review comparables which are relatively similar to the subject in location, design, age, and dwelling size but have varying degrees of similarity to the subject in other features. Additionally, the board of review comparables based on their parcel index numbers (PINs) are located within the same tax block as the subject property. These six comparables have improvement assessments ranging from \$21,875 to \$25,021 or from \$16.19 to \$18.39 per square foot of living area. The subject's improvement assessment of \$23,288 or \$18.32 per square foot of living area falls within the range established by the best comparables in the record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
