

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Babu Philip
DOCKET NO.: 22-24970.001-R-1
PARCEL NO.: 08-24-400-013-0000

The parties of record before the Property Tax Appeal Board are Babu Philip, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,190
IMPR.: \$25,409
TOTAL: \$33,599

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of frame and masonry exterior construction with 1,273 square feet of living area. The dwelling is 57 years old. Features of the home include a full basement with finished area,¹ central air conditioning and a 2-car garage. The property has a 9,100 square foot site and is located in Des Plaines, Elk Grove Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject and within

0.60 of a mile from the subject property. The comparables are improved with class 2-03, 1-story dwellings of masonry or frame and masonry exterior construction ranging in size from 1,289 to 1,318 square feet of living area. The dwellings are 58 to 64 years old. The dwellings have full basements, but no data was provided if the basements have finished area. Each comparable has central air conditioning and either a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$21,952 to \$23,579 or from \$17.03 to \$18.05 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$22,481 or \$17.66 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$33,599. The subject property has an improvement assessment of \$25,409 or \$19.96 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same assessment neighborhood code as the subject and approximately ¼ of a mile from the subject property. The comparables are improved with class 2-03, 1-story dwellings of frame or frame and masonry exterior construction ranging in size from 1,157 or 1,372 square feet of living area. The comparables are 56 to 60 years old. One comparable has a crawl space foundation, and three comparables each have a partial or full basement, two of which have finished area. Two comparables each have central air conditioning, and each comparable has a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$25,144 to \$29,250 or from \$21.32 to \$23.11 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board gives less weight to the board of review comparables #1 and #3 which lack a basement foundation or a central air conditioning amenity, unlike the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables as well as the board of review comparables #2 and #4 which are relatively similar to the subject in location, design, age, dwelling size, and most features. These six comparables have improvement assessments ranging from \$21,952 to \$27,665 or from \$17.03 to \$23.11 per square foot of living area. The subject's improvement assessment of \$25,409 or \$19.96 per square foot of living area falls within the range established by the best comparables in the record. After considering adjustments to the best comparables for differences from the subject, the Board finds

the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
