

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Andrea Versenyi
DOCKET NO.: 22-24972.001-R-1
PARCEL NO.: 05-34-426-003-0000

The parties of record before the Property Tax Appeal Board are Andrea Versenyi, the appellant, by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$25,300
IMPR.: \$67,837
TOTAL: \$93,137

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a 2-story dwelling of frame and masonry exterior construction with 2,494 square feet of living area. The dwelling is approximately 102 years old. Features of the property include a full basement, a fireplace, and a 2-car garage. The property has an 11,000 square foot site located in Evanston, Evanston Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity regarding the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables consist of class 2-06, 2-story dwellings of frame or stucco exterior construction that range in size from 2,331 to 2,618 square feet of living area. The dwellings are 71 to 152 years

old. Each comparable has a full basement, 1 or 2 fireplaces, and either a 1-car, a 1.5-car or a 2-car garage. Two comparables have central air conditioning. The comparables have improvement assessments that range from \$46,750 to \$51,924 or from \$19.83 to \$20.76 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$50,403.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject property of \$93,137. The subject property has an improvement assessment of \$67,837 or \$27.20 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables consist of class 2-06, 2-story dwellings of stucco, masonry or frame and masonry exterior construction that range in size from 2,346 to 2,580 square feet of living area. The dwellings are 93 to 100 years old. Each comparable has a full basement, central air conditioning, a fireplace, and either a 1-car or a 2-car garage. The comparables have improvement assessments that range from \$68,957 to \$80,040 or from \$28.20 to \$32.16 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables which are less similar to the subject in age and/or lack of central air conditioning, unlike the subject.

The Board finds the best evidence of assessment equity to be the board of review comparables that are overall more similar to the subject in location, dwelling size, age and some features. These four comparables have improvement assessments that range from \$68,957 to \$80,040 or from \$28.20 to \$32.16 per square foot of living area. The subject's improvement assessments of \$67,837 or \$27.20 per square foot of living area falls below the range established by the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
