

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Edward Kuczmarski
DOCKET NO.: 22-25058.001-R-1
PARCEL NO.: 11-19-418-028-0000

The parties of record before the Property Tax Appeal Board are Edward Kuczmarski, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,500
IMPR.: \$26,500
TOTAL: \$32,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 1,293 square feet of living area. The dwelling is approximately 60 years old. Features of the home include a full basement and central air conditioning. The property has a 2,105 square foot site and is located in Evanston, Evanston Township, Cook County. The subject is classified as a class 2-95 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located from .1 of a mile to 1.4 miles from the subject, one of which has the same assessment neighborhood code as the subject. The comparables are class 2-95 properties improved with 2-story dwellings of masonry exterior construction with either 1,293 or 1,374 square feet of living area. The dwellings are 59 or 60 years old. Each comparable has a full

basement and central air conditioning. The comparables have improvement assessments of \$24,500 and \$25,000 or \$18.20 and \$18.95 square feet of living area. Based on this evidence the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$32,000. The subject property has an improvement assessment of \$26,500 or \$20.49 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables with three having the same assessment neighborhood code and located on the same block as the subject. The comparables are class 2-10 or 2-95 properties improved with 2-story dwellings of masonry or frame exterior construction with either 1,293 or 4,271 square feet of living area. The homes are 60 or 133 years old and have full basements with one having finished area. Each comparable has central air conditioning, one of which also has two fireplaces and a 2-car garage. The comparables have improvement assessments of \$26,500 and \$85,000 or \$19.90 and \$20.49 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight suggested comparables for the Board's consideration. The Board gives less weight to appellant's comparables #1, #2 and #3 as well as board of review comparable #2 which are located in a different neighborhood code than the subject and/or are located over 1 mile from the subject. In addition, board of review comparable #2 has a significantly larger dwelling size when compared to the subject.

The Board finds the best evidence of equity to be appellant's comparable #4 along with board of review comparables #1, #3 and #4 which are identical to the subject in age, dwelling size and features. These comparables have improvement assessments of \$24,500 and \$26,500 or \$18.95 and \$20.49 per square foot of living area. The subject's improvement assessment of \$26,500 or \$20.49 per square foot of living area is identical to the assessments of three of the four best comparables. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
