

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: KRF, LLC  
DOCKET NO.: 22-25232.001-R-1  
PARCEL NO.: 11-07-120-035-0000

The parties of record before the Property Tax Appeal Board are KRF, LLC, the appellant, by attorney Jeremy Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **a reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$13,350  
**IMPR.:** \$63,830  
**TOTAL:** \$77,180

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story multi-family building of masonry exterior construction with 4,045 square feet of building area. The building is approximately 124 years old. Features of the building include a full unfinished basement. The property has a 5,340 square foot site and is located in Evanston, Evanston Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four comparables with the same assessment neighborhood code as the subject. The comparables are class 2-11 properties improved with 2-story multi-family buildings of frame or frame and masonry exterior construction ranging in size from 3,391 to 4,962 square feet of building area. The buildings are 119 to 134 years old and have full basements, one of which is finished. The comparables have

improvement assessments that range from \$51,170 to \$83,575 or from \$15.09 to \$16.84 per square foot of building area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$83,000. The subject property has an improvement assessment of \$69,650 or \$17.22 per square foot of building area.

In support of its contention of the correct assessment, the board of review submitted information on three equity comparables with the same assessment neighborhood code as the subject property. The comparables are class 2-11 properties improved with 1.5-story or 2-story multi-family buildings of frame or stucco exterior construction ranging in size from 2,190 to 3,229 square feet of building area. The buildings are 124 to 129 years old and have full basements, one of which is finished with a recreation room. One comparable has central air conditioning. Each comparable has a 2-car or a 4-car garage. The comparables have improvement assessments that range from \$46,000 to \$65,250 or from \$16.20 to \$24.29 per square foot of building area. Based on this evidence, the board of review requests confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The record contains seven suggested equity comparables for the Board's consideration. The Board gives less weight to appellant's comparables #3 and #4 as well as the board of review comparables due to significant differences in building size and/or finished basement area when compared to the subject. In addition, the board of review comparables each have a garage amenity and/or central air conditioning which are features the subject lacks.

The Board finds the best evidence of equity to be appellant's comparables #1 and #2. These comparables have improvement assessments of \$51,170 and \$63,250 or \$15.09 and \$15.39 per square foot of building area. The subject's improvement assessment of \$69,650 or \$17.22 per square foot of building area is above the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment commensurate with the appellant's request is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
