

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Timothy McGuire  
DOCKET NO.: 22-25289.001-R-1  
PARCEL NO.: 10-12-401-016-0000

The parties of record before the Property Tax Appeal Board are Timothy McGuire, the appellant, by attorney Jeremy Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$11,250  
**IMPR.:** \$66,750  
**TOTAL:** \$78,000

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of masonry construction with 2,616 square feet of living area that is approximately 99 years old. The dwelling features 2½ baths, a full unfinished basement, two fireplaces, and a 1-car garage. The property has a 5,000 square foot site and is located in Evanston, Evanston Township, Cook County. The subject is classified as a class 2-06 property<sup>1</sup> under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located from 400 feet to .5 of a mile from the subject and within the same assessment neighborhood code as the subject property. The comparables consist of “two or more story” class 2-06 dwellings of masonry or frame and masonry construction ranging in size from

2,607 to 3,085 square feet of living area and ranging in age from 100 to 124 years old. The comparables each feature a full or partial basement, but it was not disclosed whether the basements have a finished area. Each comparable also features 2½ or 3 baths, one fireplace, and a 1.5-car or a 2-car garage. The comparables have improvement assessments that range from \$61,499 to \$72,438 or from \$23.20 to \$23.59 per square foot of living area. The appellant also submitted a brief requesting a reduction to the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$78,000. The subject property has an improvement assessment of \$66,750 or \$25.52 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on three equity comparables located within ¼ of a mile from the subject and in the same assessment neighborhood code as the subject property. The comparables consist of 2-story, class 2-06 dwellings of stucco or masonry construction ranging in size from 2,511 to 2,639 square feet of living area and ranging in age from 95 to 108 years old. The comparables each feature 2½ baths, a full unfinished basement, one fireplace, and a 1-car, a 2-car, or a 2.5-car garage. Two comparables have central air conditioning. The comparables have improvement assessments ranging from \$66,635 to \$68,379 or from \$25.25 to \$27.16 per square foot of living area.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of seven equity comparables in support of their positions before the Property Tax Appeal Board. The Board gave reduced weight to appellant's comparables due to their undisclosed basement finishes thus making it more difficult to conduct a meaningful comparative analysis with the subject dwelling. Additionally, appellant's comparable #1 is significantly older in age and comparable #2 is significantly larger in dwelling size relative to the subject dwelling. On this record, the Board finds the best evidence of equity in assessment to be board of review comparables which are overall most similar to the subject in age, dwelling size, garage size, basement finish area, and features. The best comparables in the record have improvement assessments ranging from \$66,635 to \$68,379 or from \$25.25 to \$27.16 per square foot of living area. The subject's improvement assessment of \$66,750 or \$25.52 per square foot of living area falls within the low end of the range established by the best equity comparables in this record both in terms of overall improvement assessment and on a per square foot of living area basis. After considering adjustments to the best comparables for differences from the subject, the Board finds that the appellant did not establish by clear and convincing evidence that the subject's improvement is inequitably assessed and, therefore, a reduction in the subject's improvement assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
