

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: American Rental Properties, LLC
DOCKET NO.: 22-25326.001-R-1
PARCEL NO.: 11-07-114-011-0000

The parties of record before the Property Tax Appeal Board are American Rental Properties, LLC, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$11,535
IMPR.: \$40,851
TOTAL: \$52,386

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story apartment building of masonry construction with 2,295 square feet of gross building area which is approximately 110 years old.¹ The building features two full bathrooms, a full unfinished basement, and a 2-car garage. The property has a 4,614 square foot site and is located in Evanston, Evanston Township, Cook County. The subject is classified as a class 2-11 property² under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity

comparables located from .3 to .5 of a mile from the subject and in the same assessment neighborhood code as the subject property. The comparables consist of 2-story, class 2-11 apartment buildings of masonry construction ranging in size from 2,288 to 2,630 square feet of gross building area and ranging in age from approximately 98 to 124 years old. The comparables are described as each having two bathrooms and a full unfinished basement. Two comparables have two fireplaces, and two comparables have a 2-car or a 3-car garage. The comparables have improvement assessments that range from \$35,275 to \$43,750 or from \$15.42 to \$16.64 per square foot of gross building area. Based on this evidence, the appellant requested a reduction to the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$52,386. The subject property has an improvement assessment of \$40,851 or \$17.80 per square foot of gross building area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within ¼ of a mile from the subject and within the same assessment neighborhood code as the subject property. The comparables consist of 1.5-story or 2-story, class 2-11 apartment buildings of frame or masonry construction ranging in size from 2,387 to 2,588 square feet of gross building area and ranging in age from 99 to 130 years old. Each comparable features two or three full bathrooms and a full unfinished basement. Two comparables have a 2-car garage. The comparables have improvement assessments ranging from \$42,584 to \$48,900 or from \$17.84 to \$20.18 per square foot of gross building area.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight equity comparables in support of their positions before the Property Tax Appeal Board. The Board gave less weight to appellant's comparables #2 and #4, along with board of review comparables #2 and #3 due to each of these comparables lacking a garage which is a feature of the subject property. The Board finds the remaining comparables to be similar to the subject in location, age, gross building area, unfinished basements, and some features. The best comparables in the record have improvement assessments ranging from \$35,275 to \$48,900 or from \$15.42 to \$20.18 per square foot of gross building area. The subject's improvement assessment of \$40,851 or \$17.80 per square foot of gross building area falls within the range established by the most similar comparables in the record both in terms of overall improvement assessment and on a per square foot of gross building area basis.

After considering adjustments to the best comparables for any differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the

subject's improvement is inequitably assessed and, therefore, a reduction in the subject's improvement assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
