

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Susan Bucz
DOCKET NO.: 22-25460.001-R-1
PARCEL NO.: 07-36-110-002-0000

The parties of record before the Property Tax Appeal Board are Susan Bucz, the appellant, by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$9,112
IMPR.: \$45,365
TOTAL: \$54,477

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 2,790 square feet of living area. The dwelling is 22 years old. Features of the home include a full basement, central air conditioning, a fireplace and a 2-car garage. The property has a 10,414 square foot site and is located in Elk Grove Village, Schaumburg Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five comparables located within the subject's assessment neighborhood and within 0.79 of a mile from the subject. The comparables consist of class 2-78, 2-story dwellings of frame exterior construction ranging in size from 2,612 to 3,247 square feet of living area. The dwellings are 31 to 38 years old.

Each comparable has a partial or a full basement, central air conditioning, 1 or 2 fireplaces and a 2-car garage. The comparables have improvement assessments ranging from \$33,172 to \$41,083 or from \$12.65 to \$12.97 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$54,477. The subject property has an improvement assessment of \$45,365 or \$16.26 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four comparables located within the same assessment neighborhood, block and street as the subject. The comparables consist of class 2-78, 2-story dwellings of frame exterior construction each of which contain 2,790 square feet of living area and are 22 years old. Each comparable has a full basement, central air conditioning, a fireplace and a 2-car garage. The comparables have improvement assessments ranging from \$46,621 to \$47,531 or from \$16.71 to \$17.04 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables which are less similar to the subject in age and/or dwelling size than the board of review's comparables.

The Board finds the best evidence of assessment equity to be the board of review's comparables which are identical to the subject in design, age, dwelling size, foundation type, location and other features. These four comparables have improvement assessments ranging from \$46,621 to \$47,531 or from \$16.71 to \$17.04 per square foot of living area. The subject's improvement assessment of \$45,365 or \$16.26 per square foot of living area falls below the range established by the best comparables in this record both in terms of an overall and a per-square-foot basis. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
