

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Katrina Martin
DOCKET NO.: 22-25710.001-R-1
PARCEL NO.: 10-11-322-009-0000

The parties of record before the Property Tax Appeal Board are Katrina Martin, the appellant(s), by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$27,384
IMPR.: \$77,616
TOTAL: \$105,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

Appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 944-year-old, two-story, single-family dwelling of stucco construction with 3,372 square feet of living area. The property has an 11,410 square foot site located in Evanston, Evanston Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

Appellant contends assessment inequity as the basis of the appeal. In support of this argument, appellant submitted information on four suggested equity comparables. Each comparable was improved with a two-story residence of either stucco or masonry construction. The comparables ranged: between 3,292 and 3,855 square feet of living area; in assessment between \$17.19 and \$21.66 per square foot of living area; and in age between 92 and 109 years old. Appellant also submitted a copy of the board of review's written decision reflecting its final total assessment for

the subject property of \$105,000. Based on this evidence, appellant requested a reduction in the subject's assessment to \$93,543.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total valuation assessment for the subject of \$105,000 and an improvement assessment of \$77,616, or \$23.02 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four suggested equity comparables. Each comparable was improved with a two-story residence of either masonry, stucco, or frame and masonry construction. The comparables ranged: between 3,020 and 3,477 square feet of living area; in assessment between \$23.33 and \$30.01 per square foot of living area; and in age between 83 and 94 years old.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds appellant *did not meet* this burden of proof and a reduction in the subject's assessment *is not* warranted.

The Board finds the best evidence of assessment equity to be *appellant's comparables #2 and #4* and the *board of review's comparables #1 and #4*. These comparables were most similar to the subject property in living area square footage and/or construction. The best comparables had improvement assessments that ranged from \$19.21 to \$24.62 per square foot of living area. The subject's improvement assessment of \$23.02 per square foot of living area falls within the range established by the best comparables in this record. After considering all the comparable properties submitted by the parties with emphasis on those properties that are more proximate in location, more similar in size, and with similar features relative to the subject and after further considering adjustments to the best comparable properties for differences from the subject, the Board finds the subject's improvement assessment is supported. Based on this record, the Board finds appellant *did not* demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment *is not* justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
