

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kavita Bector
DOCKET NO.: 22-25918.001-R-1
PARCEL NO.: 07-09-415-015-0000

The parties of record before the Property Tax Appeal Board are Kavita Bector, the appellant, by attorney Max E. Callahan, of Siegel & Callahan, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,655
IMPR.: \$25,390
TOTAL: \$31,045

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of frame exterior construction with 1,176 square feet of living area. The dwelling is 57 years old. Features of the home include a basement and a 2-car garage. The property has a 9,426 square foot site and is located in Hoffman Estates, Schaumburg Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument the appellant submitted information on three comparables located within the subject's assessment neighborhood, the subject's street and within 0.40 of a mile from the subject. The comparables consist of 1-story, class 2-03 dwellings of frame or frame and masonry exterior construction containing 1,228 or 1,390 square feet of living area. The homes are 57 or 61 years old. Each comparable has a basement and a 1.5-car garage. Two

comparables each have central air conditioning, and one comparable has a fireplace. The comparables have improvement assessments of \$20,994 and \$24,384 or \$17.10 and \$17.54 per square foot of living area. Based on this evidence the appellant requested the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal." The appellant submitted a copy of the Cook County Board of Review final decision disclosing the total assessment for the subject of \$31,045. The subject property has an improvement assessment of \$25,390 or \$21.59 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four comparables located within the subject's assessment neighborhood and within approximately ¼ of a mile from the subject. The comparables consist of 1-story, class 2-03 dwellings of frame exterior construction ranging in size from 1,079 to 1,242 square feet of living area. The homes are 57 to 62 years old. Each home has a basement and either a 1-car or a 2-car garage. One comparable has central air conditioning. The comparables have improvement assessments ranging from \$24,006 to \$28,228 or from \$22.25 to \$23.29 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Adm.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Adm.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of seven equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1 and #2 as well as the board of review comparable #1 due to considerable differences from the subject in dwelling size and/or present central air conditioning, which is not a feature of the subject.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are relatively similar to the subject in location, age, dwelling size and some features. In addition, the board of review comparable #3 is identical in almost all property characteristics to the subject. These five comparables have improvement assessments ranging from \$20,994 to \$28,228 or from \$17.10 to \$23.29 per square foot of living area. The subject's improvement assessment of \$25,390 or \$21.59 per square foot of living area falls within the range established by the best comparables in the record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
